PREACHER AIDED BREWERY TRUST

For That Presbyterians Bar Rev Louis Richter.

Richter Takes His Case Before the Northern General Assembly, but the Action of Synod Which Deposed Him Is Sustained.

Los Angeles, May 27.—Rapid progress was made by the Presbyterian general assembly today in the disposition of reports of special committees and standing boards. Without comment Buffalo was selected as the next place of meeting, and the way was cleared for the hearing on tomorrow of important subjects that are on the programme.

A case of intense interest to the church came up this morning. It was the appeal of Rev. Louis Richter, of Minneapolis, from the action of his presbytery and the synod of Minnesota in deposing him from the ministry and excommunicating him from the church. The charge against Mr. Richter was that he, as a Presbyterian minister, had occupied a post as agent for the dissemination of literature for the brewery trust. It was also charged that after citation of his presbytery he appealed by circular to the saloons and breweries to contribute to a fund to enable him to prosecute his case before the general assembly. The case was tried by a judicial committee appointed by the assembly and which was headed by Rev. Dr. Samuel McCormick, as chairman. This committee reported to the assembly this morning, sustaining the action of the Minnesota synod. It was adopted by the assembly and Rev. Richter by that means was barred from the church.

The larger part of the afternoon session was given over to consideration of the report of the board of publication and Sunday school work and extensive speeches thereon. By the adoption of a recommendation in the report of the standing committee on publication and Sabbath school work, the board on publication was authorized to reorganize and to report to the next assembly.

Though this clause was passed without comment, the result will be the complete separation of the Sabbath school department from that of publication.

The recommendations of the standing committee as read by Rev. Frederick J. Stanley, chairman of the committee, included a provision for the printing in future editions of the hymnal of a brief statement of the articles of faith. The report as a whole was adopted.

Rev. W. H. Roberts, chairman of the special committee on mission work among Hungarians and other immigrants, presented the report of that committee, which was adopted.

Treasurer H. W. Roberts, of the committee on the twentieth century fund, announced the achievements of the committee during the last year.

Before adjournment the assembly approved the action of the synod of Missouri in refusing to enforce the recommendations censuring Rev. Semple, of that state, for dereliction of duty and reinstating the latter to good standing.

The assembly then adjourned until tomorrow.

Tonight two meetings were held in the interest of foreign missions.

The assembly appointed a committee of seven commissioners to consider the entire subject of the relation of the Presbyterian church to other churches in matters of general cooperation, confederation and consolidation.

The committee was instructed to open correspondence with other Christian churches for the furtherance of those subjects.

CHARGES AGAINST CRUZEN

Investigation Did Not Disclose Any Overt Dishonest Act.

San Juan, Porto Rico, May 27.—As a result of a visit here of Customs Inspector Leslie M. Cullom, charges have been filed at Washington against Collector Cruzen, alleging irregularities in the conduct of the San Juan office.

According to affidavits submitted with the charges, Collector Cruzen received unlawful emoluments, permitted ships to visit island ports without an inspector on board in return for presents made to him and unlawfully demanded cigars from shippers.

Washington, May 27.—The treasury department today made the following statement:

"The collector was accused of receiving presents of tobacco and liquors. In explanation to the agent he said that they were given to him voluntarily. The collector has been severely censured by the department for his indiscretions, and the irregularities of administration disclosed by the report of the investigating officer have been corrected. The report did not disclose any overt act of dishonesty."

TWO PRISONERS FREED BY MOB

Two Hundred Men Surround Jail and Release Their Friends.

Bluefield, W. Va., May 27.—This morning a mob, numbering fully 200 men, appeared at the jail, and, with pickaxes and crowbars, attempted to liberate two prisoners. The turmoil aroused the police, who hurried to the scene, and, seeing that nothing could stop the wrath of the mob but the release of the prisoners, accepted bond for the culprits, and the [illegible] departed from the jail and the mob dispersed.

The prisoners who caused the trouble are two brothers, named Johnson. One of the brothers last night became boisterous. When Chief of Police Calloway attempted to arrest him the brother jumped [illegible] struck Calloway on the head with [illegible] inflicting serious injuries.

HENRY RICHARDSON IS IN CRITICAL CONDITION

F. H. RICHARDSON.

MACON, Ga., May 27.—(Special.)—Mr. Henry Richardson, of The Atlanta Journal, is desperately ill here at the home of Hon. C. D. Pearson, on College street.

At 10 o'clock tonight Mr. Richardson's condition showed no improvement over that of the morning. Up to Saturday last Mr. Richardson, who has been sick a long time, was apparently improving, and his family and friends were anticipating an eventual, if not rapid, restoration to health. He had been visiting, with his wife and daughter, Mrs. Richardson's sister, Mrs. Pearson, and had been receiving every attention the devotion of his friends here in Macon could suggest. He was out for drives last week and was always able to move about the house. But Saturday last a sudden change manifested itself and since then Mr. Richardson has been unconscious. He now lies in an unconscious condition, but every attention love and devotion can provide are being rendered. His friends here, and they are the entire citizenry of Macon, are much concerned in his condition.

Mr. Richardson was at one time head of the editorial department of The Macon Telegraph, and his conduct of that paper established his ability as an editorial writer and director. It was during his connection with that paper he made the friends here who are now so anxiously watching his illness.

TRUST CAPITAL CUT IN TWAIN

Plan for the Reorganization of Ship Building Company.

New York, May 27.—The plan for the reorganization of the United States Shipbuilding Company was made public tonight. It has been prepared and will be carried out by a committee consisting of George R. Sheldon, chairman; Charles S. Fairchild, president of the New York Security and Trust Company; John E. Borne, president of the Colonial Trust Company; Max Pam and Charles W. Wetmore, president of the North American company.

The plan provides for the organization of a company with the title of Bethlehem Steel and Shipbuilding Company. The properties to be taken over are:

Union iron works, San Francisco; Bath iron works, limited, Bath. Me.; Hyde Windlass Company, Bath, Me.; Crescent Ship Yard Company, Elizabethport, N. J.; Canada Manufacturing Company, Cartet, N. J.; Samuel L. Moore & Sons Company, Elizabethport, N. J.; Eastern Shipbuilding Company, New London, Conn.; Harland & Hollingsworth company, Wilmington, Del.; also all of the capital stock, except directors' qualification shares, of the Bethlehem Steel Company, owning the Bethlehem steel works and property in the boroughs of South Bethlehem and Northampton Heights.

The total capitalization of the United States Shipbuilding Company and allied companies is $81,686,264, including liabilities.

It is proposed that the new company, in the acquisition of all the properties and assets of the shipbuilding company and its constituent companies, including the Bethlehem Steel Company, and for the securing of additional cash working capital, shall issue $12,000,000 of thirty-year 5 per cent first mortgage gold bonds. Voting trust certificates will be issued for $15,000,000 of common stock.

The total capitalization of the new company will be $43,000,000 and its fixed charges will be $517,550 for interest on the underlying bonds of the Bethlehem Iron and the Bethlehem steel companies and $600,000 on the first mortgage bonds of the new company, a total of $1,117,550.

To secure continuity in the management of the new corporation, it is proposed to create a voting trust for a period of seven years.

Life Saving Medal for Plummer.

Washington, May 27.—The secretary of the treasury today forwarded to Captain W. H. Plummer, now at Willbridge, Me., a gold life-saving medal, in recognition of his heroic conduct in saving and assisting to save a very large number of persons from drowning during the memorable hurricane of September 8, 1900, at Galveston, Texas.

PEACE BANNER HIS SUGGESTION

Cleveland's Reply to Request of Laboring Men.

Knoxville, Tenn., May 27.—H. C. Collins, chairman of the local labor day celebration, who wrote to ex-President Grover Cleveland for some suggestion which might be made a feature of the day, has received the following reply:

"Princeton, N. J., May 23.—I have received your letter asking me to make some suggestions concerning a desirable display for your celebration of Labor day. I am very much interested in fair and peaceful relations between employed and employer, and desire, above all things, that there should be an end to the unfortunate quarrels and misunderstandings which have so often occurred between these elements of our social system.

"I hesitate to make any suggestion in the line which you present to me, but I should be very glad to know that your parade carried some banner indicative of the laboring man's desire to preserve peaceful relations with those who employ labor. I wish it might enter your minds, if consistent with your situation, to carry in your parade some insignia which means peace, something like a white flag of truce. Yours very truly,

"GROVER CLEVELAND."

BIG MERGER OF COAL MINES

Capitalists of Memphis Are Behind the Deal.

Memphis, Tenn., May 27.—A proposition has been submitted that the Tennessee Trust Company, of Memphis, join with the Union Bank and Trust Company, of Louisville, Ky., in negotiating and concluding the merger of the coal mines of western Kentucky into one big coal field. The proposition is now being tentatively considered.

The sum of $1,500,000 in cash is required to swing the deal and put the new corporation in complete control of all the mines. Another million or so will be required later at a specified time.

The Illinois Central and Louisville and Nashville railroads tap all these mines. The two roads are the main arteries, which carry the coal of western Kentucky mines from the source of supply to the markets which they supply. The merger under way is of all the mines which are on the lines of these two railroads.

Trust Concerns and Clearing Houses.

New York, May 27.—The Clearing House Association is considering the advisability of making the public the weekly statement of the trust companies that clear through it. This move has been under consideration for some time, and will, in all probability, be approved by the clearing house committee.

CHARGED WITH GRAFTING MACHEN IS UNDER ARREST

High Postal Official Held as Prisoner at Command of General Payne.

THOUSANDS OF DOLLARS WERE PAID TO MACHEN

It Is Alleged That He Received a Rake-Off on Nearly All the Supplies Furnished for the Free Delivery System.

Washington, May 27.—By far the most sensational development of the postoffice investigation up to this time occurred today, when August W. Machen, the general superintendent of the free delivery, was arrested on a warrant issued upon information of postoffice inspectors charging him with having received "rake-offs" from contracts made with the local firm of Groff Bros. for a patent postal box fastener. The warrant specifically charges him with receiving $18,981.78 since August 8, 1900. It is alleged, however, at the department that this amount does not represent all that Machen obtained in connection with these contracts, it being charged that he has profited by them for several years prior to the date of the first contract mentioned in the warrant. Other arrests are to follow.

Immediately after Mr. Machen was taken into custody, the postmaster general issued an order removing him from office. He had been practically under suspension for a fortnight, pending the investigation into his bureau. The discovery of Machen's alleged interests in the contracts was made quite accidentally by the inspectors some three weeks ago and since then their energies had been directed toward making out a case. Last night, after the authorities had become convinced that they were in possession of the necessary evidence, Mr. Machen was notified to appear at the department this morning.

Machen in the Sweat Box.

He did so and was subjected to a "sweating" process by the inspectors and Mr. Bristow for three hours, but no admissions that he had profited by the contracts could be secured from him. He declined to answer many questions on the ground that they related to his private business, but insisted to the end that he had not received a cent improperly. Nevertheless, he was arrested on the warrant which had been prepared and taken before a United States commissioner, where his attorney immediately demanded a full hearing. Assistant District Attorney Taggart, however, was not ready to proceed with the case and the hearing was set for June 5.

Mr. Machen gave a $20,000 bond, furnished by a Philadelphia bonding company, for his appearance, declining to accept the proffer of friends to go on his bond. After his release he declined to make any statement beyond the single declaration that the whole thing was a grand stand play and would come out all right. His attorneys declared that at the proper time they would show conclusively that he had been guilty of no wrong in connection with the contracts, and on the contrary, they would be able to show that his administration of the free delivery service had been characterized by ability and integrity. The department officials claim that their evidence is conclusive. It is understood that civil suit will be entered to recover from Machen the amount he is alleged to have received on the contracts.

What Warrant Charges.

The warrant for Machen's arrest was drawn by Assistant United States District Attorney Taggart, on a sworn statement made today by Walter S. Mayer, a postoffice inspector from the Chicago district, before United States Commissioner Anson S. Taylor, in this city. Inspector Mayer in the several counts in the complaint alleges the receipt by Mr. Machen of several specified sums, aggregating $18,981.78, in connection with the purchase for the use of the department of certain letter box fasteners.

After setting forth Mr. Machen's official position of superintendent of free delivery in the postoffice department, the complaint says that as such Superintendent Machen was charged with the duty and invested with the power, under the supervision and with the approval of the first assistant postmaster general, of purchasing for the use of the department certain articles, among then "letter box fasteners." Inspector Mayer then states that one Samuel B. Groff and one Diller B. Groff are the owners of a patented invention for such letter box fasteners and were engaged in business as Groff Bros. The statement then says that on July 2, 1900, Superintendent Machen procured the issuance of an order by the first assistant postmaster general for 5,000 complete and 2,087 half fasteners of the Groff variety, at the rate of $1.25 for one complete and $2.25 for two half fasteners, and that as superintendent he recommended and the treasury paid $7,551.88 to the Groff Bros. for the fasteners aforesaid.

Collusion Is Charged.

The statement then proceeds:

"The said order was procured by the said August W. Machen upon a collusive understanding and agreement between him and the said Diller B. Groff, that he, the said August W. Machen was to be paid a certain proportion of the proceeds of any warrant to be issued in payment of the articles supplied under said order and the promise of him, the said Diller B. Groff, to pay such proportion; and that thereafter and on the 8th day of August, A. D., 1900, the said August W. Machen did ask, accept, and receive of and was paid by said Diller

PRICE ON LIFE OF WITNESSES

But They Will Now Give Evidence Against Feudists.

Investigation Begun Into Assassination of Cockrill—Trial of Jett and White To Go Over to Next Term—Troops Sent for Witnesses.

Jackson, Ky., May 27.—Thomas White and Curtis Jett, who were indicted on the charge of the assassination of James B. Marcum, were arraigned this morning for trial, but the case was passed till tomorrow at the request of the commonwealth's attorney, who stated that he believed it doubtful even if a jury could be procured in the remaining three days of the term. The case would result in a mistrial if not finished in that time.

Riley Coldiron, a prisoner in Ewen's house, was brought to court this morning and taken before the grand jury by a detail of soldiers. He told about shots fired near Ewen's house last night. When Elisor Little and Sheriff McCord, of Winchester, were passing Hargis' store this morning Little bowed and extended his hand to Senator Alexander Hargis, the latter refused and said:

"You go on by; I don't want you about my place."

Little asked:

"What have I done?"

"You have done enough and I'll get even some time."

McCord started to greet Hargis, who said:

"I don't want to have anything to do with you, either; get away from here."

Later Senator Hargis apologized to both men.

Assassination of Cockrill.

The special grand jury this afternoon began the investigation of the assassination of City Marshal James Cockrill here last July. As in the Marcum case, the assassin was stationed in the court house, shooting Cockrill with a winchester rifle from the court room window as he stood in the street. It was immediately after this that men in sympathy with the Cockrill brothers had to flee the county for safety. Among them was Captain John Patrick, who in a letter to Judge Redwine, soon afterwards, said that he and others saw the assassin and would come back and testify if troops were sent to protect them. The knowledge he possessed put a price on his life.

Judge Redwine declined to ask for troops and had an attachment issued for Patrick, who, to escape going back to what he considered certain death, has since had to live in seclusion. It is said that he will appear tomorrow to testify and with others will name the assassins. The assassination of Dr. Cox, the Cockrill boys' uncle, will be taken up next.

It seems certain now that to avoid a mistrial the trial of Curtis Jett and Tom White, accused of the assassination of J. B. Marcum, will not be entered into until next week, when the regular term begins. The special term ends Saturday.

Separate trials will likely be asked for the men. In the court room today when their cases were called and by agreement continued until tomorrow, Jett and White were guarded by twenty soldiers. The prisoners were not ironed.

Judge Redwine issued an order for every one who enters the court room to be searched for weapons. He also gave Colonel Williams authority to make arrests in town for disorderly conduct or any misdemeanor, which makes martial law in Jackson practically absolute.

Soldiers To Go for Witnesses.

A detail of soldiers will be sent into the interior of Breathitt county to bring in as witnesses Captain Ned Strong and Henry Back. Strong was quoted as saying to a number of people, among them Mrs. Marcum's father, that he overheard discussion of the plot to kill Marcum in a blind tiger, 3 miles from Jackson, the day before the murder.

Being unable to go himself to warn Marcum, he sent Back with a message, Back arriving just in time to see Marcum shot down. Upon publication of these statements Strong and Back made affidavits before Judge Hargis that they had made no such statements. Friends of Marcum who contradict the affidavits say that both were intimidated into making the affidavits through fear of assassination.

It is believed that when once started testimony which will uncover the ring from which the numerous assassinations have emanated, will be freely given and ample. The possibility of this and desperate measures that might be undertaken to prevent it still makes the guardians of the peace and some citizens uneasy and apprehensive.

It was determinated this afternoon to suspend further investigation into the Marcum murder until the witnesses present in the Cockrill case could be examined, and the detail of soldiers was not sent after Strong and Back. They may be sent for tomorrow or Friday. Twelve witnesses were examined in the Cockrill case. Seventy-five are to be heard. The Hotchkiss gun and ammunition arrived from Louisville this afternoon. A test of its destructive work will be made on trees tomorrow.

KANSANS WANT TO LYNCH NEGRO

State Militia Ordered Out To Protect Assailant of Woman.

Topeka, Kans., May 27.—A telegram was received for Governor Bailey tonight from the sheriff at Yates Center, Kans., requesting him to order out a company of the state militia at once to protect J. M. Woods, a negro in jail there, charged with assaulting Mrs. J. L. Lind, the wife of a farmer at Yates Center. An angry mob surrounded the jail with the avowed intention of lynching the negro.

Former President Addresses New York Mass Meeting on Russian Outrages.

PROTESTS SHOULD SOUND IN THE EARS OF THE CZAR

Mr. Cleveland Advises That Mass Meetings Be Held in Every City of the United States, but Also Advises Moderation.

New York, May 27.—There was a great and representative gathering at Carnegie hall tonight, called to protest against the massacre of Hebrews at Kishinef. The announcement that former President Grover Cleveland would speak, lent additional interest to the gathering.

While Mayor Low was delivering the opening address, expressive of the hope that Russia would give more liberty to her Jewish subjects, Mr. Cleveland entered and was greeted with a tumult of cheers.

William H Baldwin, Jr., read the resolutions, which were received with great applause and adopted. They denounced the massacre, urged the claim of the Jews in Russia to just treatment and protection, and declared "that the people of the United States should exercise such influence with the government of Russia as the ancient and unbroken friendship between the two nations may justify to prevent the recurrence of outbreaks such as have amazed the civilized world."

Mr. Cleveland said:

"I have only a word to say, but I wish to be counted among those who are in hearty sympathy with the purpose of this meeting. The influences which have called us together tonight grow out of our recognition of the promptings of Christian civilization, and our dutiful devotion to the deepest and best of our national characteristics. This demonstration furnishes cheering and reassuring evidence that our American sympathy for the oppressed and abused wherever they may be, our American humanity, our attachment to justice and right are still active and unimpaired.

"There is something intensely horrible in the wholesale murder of unoffending, defenseless men, women and children, who have been tacitly, if not expressly, assured of safety under the protection of professed civilized government. Such things give rise to a distressing fear that even the enlightenment of the twentieth century has neither destroyed nor subdued the barbarity of human nature, nor wholly redeemed the civilized world from 'man's inhumanity to man.'

"We, and all our countrymen, protest in the strongest language at our command, and with the moral force which our American citizenship gives us, against these murders and outrages, and we insist that swift and condign punishment ought to be visited upon their barbarous perpetrators."

"I desire to avoid sounding a discordant note; but yet I cannot refrain from the suggestion that the moral effect of our protest and the usefulness of this demonstration will not be lessened if we require indubitable proof before we accuse the government of Russia with guilty complicity in the crimes committed within her borders; and it seems to me we may well consider the proper relationship between nations, before we demand too pronounced interference on the part of our own government. I do not say that the Russian government may not by reasons of omission or commission be justly deserving of our condemnation, but we should not be swift to assume this, when we remember that we ourselves have found it im-

BUTTE'S BOOST FOR ROOSEVELT

Montana City Gives the President an Ovation.

Two Thousand School Children Clad in the National Colors Saluted the President—He Talks of the Foolish Rich Men.

Butte, Mont., May 27.—President Roosevelt was met at the Butte station this afternoon when he arrived from Helena by Mayor Mullins, a company of militia, a platoon of police and Montana Spanish-American war veterans, who are attending their state convention in Butte.

United States Senator W. A. Clark, of Montana, was one of the first to greet the president. Mr. Roosevelt then entered a carriage in which the senator, Mayor Mullins and a secret service man sat.

The drive through the streets of Butte was one long ovation. Such a crowd has never been seen in the history of the city. Neighboring towns for 50 miles poured in their thousands and the line of march was crowded.

From the station the president was driven to the court house. Spanish war veterans formed a guard of honor.

At the court house two thousand school children dressed in national colors saluted the president. He spoke to the little ones briefly.

Two squares farther down Granite street 1,500 citizens of Anaconda gave the president a handsome vase of silver, copper and sapphire.

The line of march was then started to the Finley hotel, where the president made a five-minute speech.

A banquet, at which 1,500 plates were laid, was given at the Thornton hotel. Mayor Mullins presided.

Address of President.

From the banquet table the president was driven to Columbia Gardens, where the principal speech of the day was made.

In his address President Roosevelt said:

"I am in a city at the gateway of this state, with the great railway systems of the state running through to the Pacific ocean.

"This state will owe no small part of its future greatness to the fact that it is doing its share in acquiring for the United States the dominance of the Pacific. Those railroads, the men and the corporations that have built them, have rendered a great service to the community. Great good has come from the development of our railroad systems; great good has been done by the individuals and corporations that have made that development possible, and, in return, good has been done to them and not harm when they are required to obey the law.

"Ours is a government of liberty through and under the law. No man is above it and no man is below it. The crime of cunning, the crime of greed and the crime of violence are all equally crimes, and against them all alike the law must set its face. This is not, and never shall be, a government of the plutocracy, or the mob. It is as it has been, and as it will be, a government of the people, including alike the people of great wealth, of moderate wealth, the people who employ others, the people who are employed, including them all, protecting each and every one if he acts decently and squarely, and discriminating against any one of them if he does not obey the law.

Foolish Rich Man.

"While all people are foolish, if they violate or rebel against the law, yet the most foolish man in this republic is the man of wealth who complains because the law is administered with impartial justice against or for him. His folly is greater than the folly of any other man who complains, for he lives and moves and has being because the law does in fact protect him and his property. We have the right to ask every decent American citizen to rally to the support of the law if it is ever broken against the interest of the rich man, and cheerfully and gladly to acquiesce in the enforcement against his seeming interest of the law if it is the law. Incidentally, whether he acquiesces or not the law will be enforced. Whoever he may be, great or small, at whichever end of the social scale he may be, whether his offense take the shape of a crime, of greed and cunning, or whether it take the shape of a physical violence, if it is an offense against the law, it must be stopped and if need be puinshed."

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." MRS. IRA O. BROWN, Rumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

HAVERTY PLANS COSTLY HOME

Well Known Business Man Purchases Peachtree Road Lot.

J. J. Haverty is to build a new home on Peachtree road, north of the city, which will be a costly and handsome addition to the group of fine houses already standing on that fashionable thoroughfare.

The ground for the new home was purchased Monday morning from W. T. Ashford at a cost of $8,250 and lies immediately north of the property of J. J. Spalding, being a part of the Deerland park addition. It fronts 200 feet on Peachtree road, and is said to be one of the choicest pieces of real estate in that vicinity.

Mr. Haverty had planned to build at the corner of Ponce de Leon and Piedmont avenues, and had even gone so far as to have plans drawn for a fine residence on that site. Later, however, he decided that Peachtree road was more desirable, and began to look about for a lot there, the result being the purchase from Mr. Ashford.

Architect W. F. Denny is now preparing plans for the new house, but Mr. Haverty has not definitely decided as to the style of architecture. The structure will be, however, either a white and gray brick of a French renaissance design or a simple colonial type.

The house is to cost not less than $10,000 and, perhaps, as much as $20,000, and Mr. Haverty intends making it one of the most artistic and attractive places on Peachtree road, the barns and all outbuildings to be in keeping with the style and cost of the house itself, and especial attention given to the lawn.

possible to prevent violence and murderous assaults in Wyoming and on the Italians in Louisiana. I am distinctly unequivocally in favor of informing our government in unmistakable terms of our indignaent and deep condemnation of late outrages on the Jews in Russia; but I hope that in obedience to the dictates of American conservatism and moderation, which are now long obscured, we may be even now just and fair and that we will be content to forego perplexing and extreme demands upon our government for violent action.

"In the meantime let the people of the United States, gathered together in such assemblages as this in every part of the land, fearlessly speak to the civilized world, protesting against every pretense of civilization that permits mediaeval persecution, against every bigoted creed that forbids religious toleration and freedom of conscience, and against all enlightenment that excuses hatred and cruelty toward any race of men, and against all spurious forms of government protection that withhold from any human being the right to live in safety and toil in peace."

The new hotel on Fire island, built by Sire Brothers, of New York, was destroyed. The only occupant at the time was J. A. Bailey, the caretaker, who had a narrow escape from death.

Three Persons Killed in Indiana by Storm.

Six Factories in the Gas Belt Are Wrecked—Northwestern Ohio Is Also Swept by a Destructive Storm.

Indianapolis, Ind., May 27.—Indiana was storm-swept today. Three lives were lost and more than $1,000,000 damage was done to property. The worst destruction was in the gas belt. Six factories at Kokomo were partially wrecked. The loss in Kokomo is estimated at $100,000.

At Alexandria four smokestacks were blown down, killing W. S. Gray, a machinist. Willie Black, aged 10, was killed at Converse, and Langford Stephenson, a farmer at Logansport, was killed by lightning. In the northern part of the state there was heavy wind and hail.

Oklahoma Is Flooded.

Guthrie, Okla., May 27.—At present railway service in Oklahoma is a difficult problem on account of high water. It will be a week before the Rock Island will run trains over the main line into Texas, as the bridge over the Washita river at Chicksha, Ind. T., is gone. The Choctaw road lost 3,000 feet of track near El Reno, several hundred feet east and west of Oklahoma, and, on account of equipments being shut off, the division between Geary, Oklahoma and Anthony, Kansas, is not operating. There will be no trains over the Frisco southwest from Oklahoma City until the last of the week.

One hundred yards of Frisco track between Chandler and Oklahoma City were also washed away.

Ohio Swept by Storm.

Toledo, Ohio, May 27.—Northwestern Ohio was visited by one of the worst storms in its history today. The damage done in Toledo is estimated at $100,000, while reports from all portions of northwestern Ohio indicate that great damage was done throughout the country, and especially in the oil fields south of Toledo. Three men were seriously injured here.

Great Damage in Iowa.

Des Moines, Iowa, May 27.—When wire communication with interior towns was opened up today then it became apparent that yesterday's tornado caused far greater loss than was at first reported. A report early today from Botna, in Shelby county, received by way of Audubon, says that the town of Botna was completely demolished, and that many farm houses near that place were wrecked. At Botna a large church and the Great Western depot are among the buildings known to have been wrecked.

Ten miles north of Gray, Audubon county, two children are reported killed in the wreckage of a farm house and five others injured seriously. All were occupants of one house.

Man Crushed to Death.

Fort Wayne, Ind., May 27.—The storm here this afternoon assumed the proportions of a tornado. Ita Dickson, a railroad section hand, was crushed to death under a falling tree.

DAVENPORT-LACY.

Athens, Ga., May 27.—(Special.)—Last evening, at the rectory, on Prince avenue, occurred the marriage of Professor U. H. Davenport, of the University of Georgia, and Mrs. Sallie Fleming Lacy, of this city, Rev. Troy Beatty officiating. The marriage had been set for the summer, but the date was advanced, and the many friends of the contracting parties were taken completely by surprise when the wedding was announced as having taken place last evening.

Mr. Davenport is one of the most popular of the younger professors of the university, being adjunct professor in the department of physics and electrical engineering. His bride is a daughter of the late Thomas Fleming, and belongs to one of the most prominent families of the city. Professor and Mrs. Davenport have been receiving the congratulations of their many friends today.

WILL DISCUSS CITY'S CHARTER

Council and Committee of Forty-nine Will Confer Today.

The citizens' charter revision committee of forty-nine will meet the city council in the council chamber this afternoon at 4 o'clock at the conclusion of the work of the aldermanic board for the purpose of discussing the proposed new charter for Atlanta now pending before the legislature.

This conference was decided upon by council at the request of the committee and it is expected it will result in an interesting discussion.

The object is to see if some harmonious agreement cannot be reached with reference to the proposed new charter. As is well known the committee of forty-nine is wedded to the principles laid down in the bill which has been prepared and is now pending before the legislature. Some of the particular features of that bill to which the committee is so strongly wedded are the very features which are most strongly opposed by members of council.

The committee, however, has stated that it is open to suggestions. Whether the two bodies will come anywhere near getting together is a matter of much interest as well as doubt.

MORTUARY.

Death of Mrs. W. A. Bragg.

Macon, Ga., May 27.—(Special.)—Mrs. W. A. Bragg, whose home was at Bradley station, Jones county, and who was brought to the Macon hospital a week ago to be placed under the surgeon's knife, died this morning. When Mrs. Bragg reached the city she was too weak to allow the surgeons to operate and gradually grew worse until this morning, when death came. Mrs. Bragg's remains were prepared for burial by Undertaker Hart, who accompanied the body to Jones county, where the funeral will take place tomorrow morning at 10 o'clock. Mrs. Bragg was extensively known throughout Jones and was universally admired. She is survived by her husband and ten children. She was 47 years of age.

Captain R. W. Anderson, Cochran.

Cochran, Ga., May 27.—(Special.)—Captain R. W. Anderson, chairman of the board of county commissioners and one of the most prominent men of the county, died at his home this evening after an illness of three weeks.

Mrs. J. H. Donnan, Macon, Ga.

Macon, Ga., May 27.—(Special.)—Mrs. J. H. Donnan died at her home, on New street, today. The funeral takes place tomorrow morning. Interment in Rose Hill.

Miss Fannie Matthews, Brooks Station.

Brooks Station, Ga., May 27.—(Special.) Miss Fannie Matthews died yesterday after an illness of several months.

Salem Female College.

Winston-Salem, N. C., May 27.—(Special.)—This was commencement day at the Salem Female college. It marked the first year in the new century of the school's history. The closing exercises of the week were held in the venerable home of the Moravian church and opened at 11 o'clock. The literary address was made by Judge H. E. Connor, of the North Carolina supreme court. His subject was "Woman's Duty; Woman in the Future." The effort was in every respect worthy of the speaker and the occasion. At the close of the admirable address Bishop Edward Rondshaler, of the Moravian church, presented fifty-two diplomas to that number of graduates in the literary, classical and special departments. The beautiful exercises closed with the solemn but pleasing ceremony of transferring cap and gown, which was gracefully performed by the president of the senior class to the president of the junior class.

CHURCH'S WORK AMONG HEATHEN

Foreign Missions Discussed by the Southern Presbyterians.

Reports Show a Large Increase in Native Converts—Organic Union Discussed by the Cumberland Presbyterians.

Lexington, Va., May 27.—The morning session of the Southern Presbyterian assembly was devoted to the consideration of the report of the committee on foreign missions made by Dr. Marquess, the chairman. Dr. J. A. Wilkinson talked on China, Dr. C. C. Owen on Korea, Rev. William M. Morrison on Congo and Africa and Dr. S. R. Gammon on Brazil. The committee appointed to prepare a brief catechism on the history of the church asked a postponement until 1904. Judge B. R. Wellford, of Richmond, was placed on the executive committee, vice Dr. R. P. Kerr, who has been removed to Baltimore.

The missionary committee report stated that the past year showed the largest increase in native converts in the history of the church and the largest increase in missionary forces since 1894. The assembly upon recommendation of the committee called for $250,000 from the church and for missionary work during the coming year. The executive committee was directed to continue "the forward movement" among the churches.

Rev. J. O. Shelby, of the Mexico mission, was granted leave to concern himself with presbyteries of Mexico.

The report of the foreign mission committee was adopted as a whole, but the assembly gave some instructions for the better conduct of foreign affairs in general. Rev. S. H. Chester, of Nashville, was again elected chairman of the executive committee of foreign missions, with the following committee:

Rev. Drs. McNeilly, Anderson, Bachman, Hemphill, Cannon, Patterson, Irvine and Jacobs, and Messrs. Raymond, Baskette, Blanton, Adams and Rowland.

The reports of the joint committee on publication and Sabbath schools relative to the consolidation into one office of the office of secretary of publication, and that of general superintendent of Sabbath schools and young people's societies, was next taken up. The majority recommended consolidation and the minority opposed such a consolidation. They were discussed in a lively manner, but without result.

Tonight a papular meeting was held in the interest of home missions. Addresses on this subject were made by Dr. S. L. Moores, of Atlanta, Ga.; Dr. Thornton Sampson, of Austin, Texas; Dr. W. J. Caldwell, of Harmony Grove, Texas, and Dr. W. B. Y. Wilkie, of Dunedin, Fla. The women's missionary meeting was held this afternoon in Trinity Methodist chuch, at which time addresses were made by Rev. W. H. Hudson, missionary from China, on furlough, and Miss Addie Sloan, Chinese missionary, and Miss Charlotte Kemper, Brazilian missionary.

Cumberlands Discuss Organic Union.

Nashville, Tenn., May 27.—The proceedings of the general assembly of the Cumberland Presbyterian church were enlivened this morning by the presentation and discussion of majority and minority reports on the question of organic union. The passage of that feature of the report recommending organic union was practically unanimous and its adoption was greeted with great applause. The only difference between the reports was as to the manner in which the conference delegates should be chosen. The majority reports recommended the appointment of nine delegates to be selected by the synods divided into four groups which shall assemble separately and nominate to the assembly for election as members one minister and one lay member and that the general assembly elect a chairman of the committee in the same way as it elects a moderator. The preamble to the report reads:

"We note with pleasure a manifest tendency toward closer cooperation in the Christian work among all Protestant denominations and particularly a disposition among ecclesiastical families which are allied in doctrine and polity to set aside their minor points of difference and emphasize only things essential. This tendency is in accord of the spirit of the Master and with the history of the traditions of the Cumberland Presbyterian church and is certainly calculated to advance the kingdom of God among men. It is a matter of devout prayer by the whole church that this tendency may continue in its growth toward closer affection and organic union among the members of the Presbyterian household in the United States until there shall be such a removal of the differences in doctrine, policy and social conditions as will insure the consummation and realization of a great and more glorious and a united Presbyterianism in the United States."

The report of the minority recommended that the selection of delegates be entrusted to the moderator upon the ground that the method as suggested by the majority is unusual and contrary to the usages, precedents and policy of Presbyterian government; that it would tend to arouse sectional feelings and engender personal strife; that it might unduly scatter the committee and thereby render it more expensive and less efficient in its work; that it would reflect unwarranted and unbecoming lack of confidence in the established appointing power of our assembly, and that it would not produce the best results and would not insure the best possible committee for so important an undertaking.

The majority report was adopted by an almost unanimous vote.

Cannot Dissolve Congregation.

At the afternoon session the committee on judiciary No. 3 reported relative to the appeal of Rev. J. E. Clark against the Tennessee synod. It declared that a presbytery may dissolve the relation of any congregation to the presbytery, but cannot dissolve the congregation; that if the commission be to dissolve the relation, it ought to consist of a majority of the presbytery.

The fourth section of the same committee, relative to the appeal of the independant Porter presbytery, reported that, by the action of Arkansas synod, approved by the assembly of last year, the Porter presbytery was dissolved. Action is therefore precluded.

The committee on historical society reported.

The committee on temperance reported, followed by that of the committee on missions and then a telegram from the assembly of the northern church at Los Angeles was read, stating that that body had appointed a committee on comity and unity.

The report of the temperance committee was adopted after being amended so as to cast no reflection upon the family of the saloon keeper.

The report of the committee on overtures No. 3 was considered item by item. The item repealing section 45 of the rules of order was stricken out of the report. The amended report was then adopted.

At the night session the report of the committee on theological seminary was heard.

Athens' City Schools.

Athens, Ga., May 27.—The Athens city schools closed this morning after a most successful year and the little folks have entered upon their summer vacation. The enrollment for the past year has been over 1,600 and the average attendance has been better than in many years. Superintendent G. G. Bond is very much pleased with the high grade of work that has been done in the schools during the past session.

This morning at 10 o'clock at the opera house occurred the graduating exercises of the high school and they were witnessed by a large audience. The exercises were brief and simple.

Rheumatism
Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rhuematism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

Bowling Green, Ky.

About a year ago I was attacked by acute rheumatism in my shoulders, arms and legs below the knee. I could not raise my arm to comb my hair. Doctors prescribed for me for over two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I commenced its use I felt better, and remarked to mother that I was glad I had at last found some relief. I continued its use and am entirely well. I will always feel deeply interested in the success of S. S. S. since it did me so much good.

AMERICAN RODE DERBY WINNER

Sir J. Miller's Rocksand Won Great Event with Vinicus Second.

London, May 27.—The result of the race for the derby stakes (of 6,500 sovereigns, for 3-year-olds, about one mile and a half) was that Sir J. Miller's Rocksand won, Vinicus was second and Flotsam was third. Seven horses started. Acefull, the most prominent of American entries, came in fifth.

Acefull, who was ridden by J. H. Martin, displayed temper and delayed the start. Rocksand was first away, followed by Rabelais, Mead and Acefull. Rocksand, splendidly ridden by Maher, the American jockey, drew to the front and making the remainder of the running won easily by two lengths. Maher came in for a good reception. This was the third successive year that the derby winner has been ridden by an American jockey, Reiff winning in 1901 and Martin last year. King Edward and Queen Alexandra and many other notables were present. It was a typical derby day.

Rome Wins Championship.

Rome, Ga., May 27.—(Special.)—Rome won out in the championship tennis match with Cedartown.

The individual championship was won by Laurie Cothran, of Rome, who defeated L. G. Smith in the final.

The first match was between Trawick and Cothran, the latter winning by a score of 6 to 0 and 6 to 2. This was followed by a match between Dr. F. A. Wynn, of Cedartown, and Hal Bowie. After a hard battle Bowie won these games, 9 to 7 and 6 to 1.

In the single finals Gammon, of Rome, lost to Smith, both men playing in fine form.

At the conclusion of the singles a game of doubles was played between Trawick and Smith, of Cedartown, and Bowie and West, of Rome. Rome won the contest, 6 to 4 and 6 to 2.

Twenty-five Thousand Men Wanted in Kansas for the Wheat Harvest.

Topeka, Kans., May 27.—State Employment Agent T. B. Gerow says Kansas will need at least 25,000 men and 4,000 teams for the wheat harvest. His estimates are made from reports received from every township in the state. There are no idle men in Kansas, so it will be necessary to import harvest hands from the neighboring states.

There is a great scarcity of horses and mules in the state. This is caused by the fact that during the Boer war thousands of Kansas animals were purchased by the British and taken to Africa.

PARTY POLITICS OFFER NO HOPE FOR NEGROES

White Urges Negroes To Become Proprietors and Employers.

WILL VOTE FOR ROOSEVELT BUT IS NOT ENTHUSIASTIC

Says Negroes Should Buy Stock in Railroads and Get Control. Should Own Their Theaters and Hotels and Employ Own Race.

Washington, May 27.—(Special.)—"I will probably vote for President Roosevelt, but I am not enthusiastic."

This declaration was made at a colored people's meeting here last night by George H. White, a negro, who was formerly a member of congress from North Carolina. He was the orator at a meeting of the Historical Association in the Metropolitan African Methodist church. His subject was the "Trend of the Times," and his remarks were devoted to the race problem from the viewpoint of an ex-congressman with a grievance due to not obtaining recognition by the present administration after he lost his congressional job.

He drew a doleful picture of the future for the negroes. He did not think the trend hopeful from the negro's point of view. White spoke of the comparatively insignificant problems confronting the negro prior to the act of emancipation. He referred to the activity of the colored man since then, especially along commercial lines, and his loyalty to the American flag, and gave considerable data relative to what he has accomplished in business fields.

Tells Them to Try Commerce.

"Whatever solution there may be to the colored man's problem," said White, "none will come through moral lines of right, but instead as a matter of necessity. That necessity will weigh as heavily upon the white man as upon the negro. My advice to negroes, as I am able to see their necessities, is for them to advance all they can commercially. Open stores of your own. Become proprietors of your own theaters, your own hotels. Run them for yourselves, as you now run your churches. Own your own railroads. Buy stock in railroad lines, obtain controlling interests, and make the policy of those roads to suit yourselves, in accordance with your own views. Become self-reliant.

"There is no hope for the negro in party politics. We must create industries for ourselves, become employers of our own people. I myself, in New Jersey, am employing twenty colored men, artisans, and work such as this, now being started on a small scale throughout the country, will grow to great proportions."

White criticised the recent speech of Senator Simmons, in regard to the education of the negro, and added:

"The trend of the times is against the negro, and the time has come when he must carve out his own destiny. He must wait no longer for his 40 acres and a mule, but must get control of business interests, however small. He must become a landholder. There is no color in a greenback. No question of race is there in land, a forest or a farm. The man who, in these days, gets gold and property is the man who succeeds, irrespective of his color."

No Hope from Republicans.

"The negro has nothing to hope for from the republican party. Since the Dred Scott decision there has not been handed down from the supreme court of the United States a decision that I can call to mind in favor of the negro.

"The cutting down of negro representation in the south has not been proposed by democrats, but our so-called republican friends. I am not a democrat and there is no place in the democratic party for a self-respecting negro. The negro today is without a party. He has but few friends in the republican party, the party which he helped to put in power.

"To the letter of President Roosevelt with refernce to keeping ajar the doors of opportunity for deserving colored men. I take off my hat. That subsequent letter of the president to Mr. Clark Howell, at Atlanta, and his act in turning down Samuel Vick as postmaster at Wilson, N. C., made me weak.

"I will probably vote for President Roosevelt. He will be nominated and I will have to vote for him. But I am not enthusiastic."

CHARTER HAS BEEN GRANTED

Work on Northeast Georgia Fair To Be Begun at Once.

Athens, Ga., May 27.—(Special.)—Judge Russell has granted the charter applied for by a number of influential citizens of Athens for the Northeast Georgia Fair Association, and at a meeting of the stockholders of the association, held at the offices of Billups Phinizy this morning, the directors and officers of the association were elected and the actual work on the fair will be begun at once and in earnest.

The following gentlemen were elected as a board of directors: Billups Phinizy, J. Y. Carithers, C. B. Griffeth, C. N. Hodgson, Jr., F. Rhodes, John R. White and B. F. Holder, Jr.

The officers, which a resolution provided should be elected from the board of directors, were chosen as follows: President, Billups Phinizy; vice president, C. B. Griffith; secretary, C. N. Hodgson; treasurer, B. F. Holder, Jr.

The dates for the fair to be held this fall have been fixed from October 5 to 10.

Work on the race track is now being pushed as rapidly forward as possible. The track will be half-mile in length and when completed will be one of the best tracks in the south. Accommodations will be ready for thirty horses within the next three weeks and it is believed that fully this number will be in training here within the next thirty to sixty days.

Monitor Still at Memphis.

Memphis, Tenn., May 27.—The monitor Arkansas, which arrived here Sunday afternoon, is still in this port. The task of coaling the vessel has been completed and it is believed she will start southward tomorrow morning.

SENATOR HANNA HOLDS TONGUE

He Regards the Roosevelt Matter a Closed Incident

Many Congratulatory Telegrams Received by the Senator in Regard to Withdrawal of His Opposition to Indorsement of President.

Cleveland, Ohio, May 27.—Senator Hanna received a large number of telegrams today concerning his decision not to further oppose an indorsement of President Roosevelt's candidacy for a second term at the coming state convention. These telegrams were said to be nearly all of a congratulatory nature. Many of them declared that in taking the step Senator Hanna had done much to preserve harmony in the ranks of the party.

Senator Hanna steadfastly refused to discuss the subject today, insisting that it was a closed incident.

Pennsylvania for Roosevelt.

Harrisburg, Pa., May 27.—The republican state convention today indorsed President Roosevelt for renomination and declared against any change in the present tariff schedule. The state administration was strongly indorsed and no mention was made in the platform of the Grady-Salts libel law enacted by the recent legislature. United States Senator Quay declined to accept reelection as chairman of the state committee and his colleague, Senator Boies Penrose, was chosen his successor.

The convention was remarkable for the unanimity with which it disposed of its business and the lack of contest for the four places on the state ticket. William Snider was nominated for auditor general; William L. Mathues, of Delaware county, for state treasurer, and Judge Thomas A. Morrison, of McKean county, and John J. Henderson, of Crawford county, for superior court judges. Judges Morrison and Henderson are at present members of the superior court by appointment of the governor and their nomination is for the full term of ten years. The convention was held much earlier than usual on "off" years on account of the desire of Senator Quay and other party leaders to be away during the summer. Mr. Quay was not here during the convention and his interests were in charge of Senator Penrose and other lieutenants, who have been on the ground since Monday. Henry F. Walton, of Philadelphia, speaker of the house of representatives, was permanent chairman of the convention, and Congressman Henry H. Bingham, of Philadelphia, was chairman of the resolutions committee.

Kansas and Roosevelt.

Topeka, Kans., May 27.—Governor Bailey today said that he favored an early state convention next year in order that Kansas might be the first state to declare for Roosevelt.

"We ought to meet in February, if necessary," he said. "We ought to be the first state to instruct our delegates for the president. We are all earnestly and heartily for Roosevelt, and the thing to do is to set the pace for the rest of the country."

ALL THE PLANS ARE REJECTED

Savannah Will Employ Architect To Build City Hall.

Savannah, Ga., May 27.—(Special.)—At the meeting of the city council tonight all of the plans that had been submitted for the proposed new city hall were rejected There were fourteen sets of plans and Atlanta firms of architects were represented among those who submitted them.

It was decided to ask for no more bids but to employ an architect to do the work.

Goes to Another College.

Knoxville, Tenn., May 27.—Professor J. T. Henderson has tendered his resignation as president of the Carson and Newman college, at Jefferson City, Tenn., near here, to accept the presidency of the Southwest Virginia Female institute, at Bristol, Tenn. He will succeed Dr. M. W. Hatton, at Bristol, who has resigned to accept the presidency of a Baptist Female college, at LaGrange, Ga. All are Baptist institutions.

Taken

Suddenly With Pain Around Heart,

Shortness of Breath and Suffocation.

Dr. Miles' Heart Cure Cured Me.

"I read your symptoms of neuralgia of the heart and they correspond exactly with my trouble. I was suddenly taken with pain around the heart, attacks of shortness of breath, and a suffocating feeling. I could not lie down for three or four weeks. My home doctor gave me no relief and I thought I would test Dr. Miles' New Heart Cure and Nerve Plasters. I got one bottle and a plaster and took the former strictly according to directions, besides, placed a plaster over my left breast. The deep seated pain was gone before the first bottle had been taken and I could draw a long breath for the first time in over a year. I took four bottles of the Heart Cure, and am convinced it saved my life and I think fully as well of the Nerve Plasters. They draw out soreness and pain and bring instant relief. I will add when my trouble was at its worst that the palpitation of my heart shook the bed under me. I could not think of lying on my left side, which was so sore that I could not bear the weight of my arm to rest on it. The disagreeable symptoms have left me and thanks to your Heart Cure. I can never praise it enough."—MRS. C. BLACK, Charleston, S. C.

Sudden pains around the heart are known as heart spasms. The heart is a hollow muscle and heart spasms, or cramp, is similar to that of other muscles, except that the former are the frequent cause of sudden death. Dr. Miles' Heart Cure will cure and prevent.

MORE SCANDALS IN PHILIPPINES

Postal Troubles in Colonial Possessions as Well as at Washington.

Washington, May 27.—The Philippines are having their postal scandals as well as Washington. Two cases were reported by mail to the war department today. One is that of former Postmaster Milne, at Tacloban, Leyte, who is accused not only of taking $2,000 current coin of the United States, but even the 400-pound safe which is supposed to have contained the money.

Postmaster Karelsen, of Calamba, Luzon, is also under arrest. Some time ago $2,000 disappeared from the mails between the hour it left his office and when it should have reached Manila.

Treasurer Jones, of the province of Tarlac, likewise reports robbery. He says he has been losing from $25 to $500 a month. His books are all right, but the balance in the cash drawer comes short regularly.

TALKED WITH WICKERSHAM

West Point Board of Trade and Railroad President Meet.

West Point, Ga., May 27.—(Special.)—President Charles A. Wickersham, of the Atlanta and West Point railroad, was at this place yesterday and last night he held another meeting with the committee on transportation appointed by the board of trade regarding the recent advance made in freight charges to this point.

The meeting was held in the office of General Agent J. E. Wooten and was attended by the president and a number of other officials of the road and by the entire board of trade of West Point. The citizens again appealed against the high rates recently established by the railroad commission and are making a strong effort to have the former rates established again.

This is the third meeting the board of trade has held with President Wickersham, but as yet have not succeeded in having their claims granted. On March 28 the railroad commission of Georgia advanced the Atlanta and West Point railroad from first to second class, thereby allowing them to charge an advance of from 10 to 20 per cent on the majority of the goods handled by them. The board of trade immediately took action against this decision and have not been able to settle it with the railroad.

Another meeting of the commissioners will be held on May 30 to investigate the earnings and expenses of the Atlanta and West Point to see if the decision will stand or not.

WILL RUN ON SHORTER TIME

Mills Around West Point To Close Week on Friday.

West Point, Ga., May 27.—(Special.)—The action of the Southern Cotton Spinners' Association deciding to run the various cotton mills throughout the south on short time during the summer months was adhered to by the three large cotton mills located here, the Lanett mills, the West Point Manufacturing Company and the Riverdale cotton mills, and beginning this week these mills will run only five days per week, closing on Friday afternoon instead of Saturday. This change will affect the wages of about 3,200 employees. When interviewed on the subject one of the representatives of the corporation owning these mills stated that a large amount of repairs and changes would be made during the summer months and that this schedule of working was more preferable to the employees than to close for two weeks later in the summer that the alterations might be made. This corporation was offered a profit of no less than $7.50 per bale on their entire stock of spot cotton, but the offer was declined, as they say they would under no corcumstances cause such an immense number of laborers to be thrown out of employment.

A Dangerous Crossing.

Macon, Ga., May 27.—(Special.)—The point where the Central of Georgia road crosses Bay street is now inviting the attention of Macon's police department. Switching is going on there at all hours of the day and night and business people and others are inclined to pronounce the crossing dangerous, so much so it interferes with the passage not only of vehicles but pedestrians, because the railroad employees are more or less reckless.

This morning President Block, of the Acme Brewing Company, sent a formal complaint to Chief of Police Murphy about the situation at the crossing. President Block asserts that he and others in that section find it impossible to secure anything like a cooperation on the part of the railroad people in keeping the crossing open. He declares that no attention is given protests which have been lodged and says that pedestrians who cross or attempt to cross the railroad at that point take their lives into their own hands.

It is more than probable the railroad company will be compelled to put a watchman at the crossing within the next few days.

HEAD OF REYES DEMANDED

It Is Proposed To Impeach a Mexican Governor.

Mexico City, May 27.—The Mexican congress will hold a special session tomorrow to pass on the proposed impeachment of General Bernardo Reyes, governor of the state of Neuvo Leon, for alleged liability for the attack upon an opposition procession at Monterey, April 2, when several persons lost their lives. The grand jury committee of the chamber will recommend non-prosecution on the ground of lack of evidence. It is understood, however, that some deputies will contend that there is sufficient ground for the citation of Reyes to the bar of the house. On the whole, it is regarded as certain that Reyes will be exonorated.

A Noted Knight Templar Owes His Health to Pe-ru-na

Colonel T. P. Moody, a prominent Knight Templar, is well known in every city in the United States west of Buffalo, N. Y., as a Jeweler's Auctioneer. In the city of Chicago as a prominent lodge man, being a member of the K. T.'s and also of the Masons. The cut shows Colonel Moody in the costume of the Oriental Consistory Masons, 32nd degree.

In a recent letter from 5000 Michigan avenue, Chicago, Ill., Mr. Moody says the following:

"For over twenty-five years I suffered from catarrh, and for over ten years I suffered from catarrh of the stomach terribly.

"I have taken all kinds of medicines and have been treated by all kinds of doctors, as thousands of my acquaintances are aware in different parts of the United States, where I have traveled, but my relief was only temporary, until a little over a year ago I started to take Peruna, and at the present time I am better than I have been for twenty years.

"The soreness has left my stomach entirely and I am free from indigestion and dyspepsia and will say to all who are troubled with catarrh or stomach trouble of any kind, don't put it off and suffer, but begin to take Peruna right away, and keep it up until you are cured, as you surely will be if you persevere.

"My wife, as many in the southwest can say, was troubled with a bad cough and bronchial trouble, and doctors all over the country gave her up to die, as they could do nothing more for her. She began taking Peruna with the result that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly,

"T. P. MOODY."

Colonel T. P. Moody, of Chicago, Had Catarrh Twenty-five Years and Was Cured by Peruna.

Catarrh in its various forms is rapidly becoming a general curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Prominent men have come to know of its virtues, and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of cure is catarrh.

If one were to make a list of the different names that have been applied to catarrh in different locations and organs, the result would be astonishing. We have often published a partial list of these names, and the surprise caused by the first publication of it to all people, both professional and non-professional, was amusing. And yet we have never enumerated all of the diseases which are classed as catarrh. It must be confessed, however, to see even this partial list drawn up in battle array is rather appalling. If the reader desires to see this list, together with a short exposition of each one, send for our free catarrh book. Address The Peruna Medicine Co., Columbus, Ohio.

MURRAY HILL CLUB VERY OLD WHISKEY

THEY DEPRECATE THE AGITATION

Rome Councilmen on Discussion of Dispensary Question.

Rome, Ga., May 27.—(Special.)—The city council has taken a hand in the proposed dispensary election in Floyd county and passed the following resolution:

"Resolved, that the city council, regardless of personal views, deprecates the agitation of the dispensary question at this time, so far as an election is concerned, and believe that the best interests of the community will be served if the matter is left alone for the present and made an issue in our primary for legislative candidates next April."

This resolution was passed by council, together with a somewhat similar resolution passed by the board of county commissioners, has sent dispensary stock well up within the past few days and those who were inclined to look a little blue at first on that side of the question are now smiling again.

The truth of the matter is that the present delegation in the legislature is so hopelessly split that the fight before the present legislature is not very inviting to either side. Mr. McHenry is bitterly opposed to any change in the present law, Mr. Knowles is as strongly in favor of it and Mr. Ennis, while rated as an anti-dispensary man, is pledged, so it is said, by written agreement made during the last campaign, not to advocate any measure at this time against the dispensary.

The dispensary people, while at an apparent disadvantage at first blush, are certainly on the advantage ground today. The city council, which is composed of men a majority of whom are against the dispensary on principle, yet passed the resolution above transcribed.

In all frankness, it now looks like both sides will lay down their arms for the present and fight the matter out in the legislative primary next April. And, furthermore, this must be acknowledged a victory for the dispensary people. It not only gains time in which to further demonstrate the dispensary standing as a financial wonder, but it cuts out the negro vote which, while it may not be the balance of power, certainly went almost entirely to the "antis."

It is now believed that the battle royal will come in the legislative primary next April. The anti-dispensary people are fully as confident as ever of winning and the dispensaryites realize that the dispensary has a hard row to travel to maintain its hold, but that both sides will determine to let it alone for this time it now seems sure. Of course, the fight may be carried on to the present legislature, but the signs all point the other way.

The dispensary people are happy over this first check in the movement against their pet concern, but that the wool will fly in April seems a dead moral, or immoral, certainty, according to your own way of thinking.

Germany's Sham Titles.

Exchange: The German herald's office has followed the lead of Italy's, and has declared war against all those who use titles of nobility without proper authority, even against those who wrongfully use the prefix "von." Among the latter, however, is a class which cannot be touched, for the law provides that any one who has used the prefix for forty-four years shall not be deprived of it. An unkind observer says that the reason for this crusade is that the market value of German titles in America has fallen very low.

MACHEN ARRESTED FOR GRAFTING

Continued from First Page.

B. Groff pursuant to such collusive understanding and agreement the sum of $3,020.74."

Then follow a number of other counts alleging the receipt by Mr. Machen of the following specific sums in connection with sales of letter box fasteners to the government:

September 20, 1900, $2,509; December 17, 1900, $3,000; August 31, 1901, $1,271; September 9, 1901, $753.50; January 11, 1902, $724.98; January 20, 1902, $2,500; April 9, 1902, $2,360.56; August 22, 1902, $2,850.

According to statements of postoffice department officials there was a go-between for the alleged transactions in connection with the contracts. The identity of this person is withheld by the department, and the officials refuse to say what steps, if any, have been taken looking to his apprehension. It is stated that he does not reside in Washington and is not here at present.

Postmaster General Payne was asked tonight for the name of this man, but declined to discuss the subject, adding that he knew nothing about it. The inspectors, however, it is stated, know the identity and movements of the intermediary. He may be arrested at any time. The inspectors say the evidence they have is of the most comprehensive nature. It includes many drafts of an alleged incriminating character, bearing the signature of Mr. Machen. The evidence was worked up principally in Washington, though much of it was obtained in other parts of the country. The final decision to make the arrest was reached at 3 o'clock this morning, after a protracted conference between the United States district attorney and the inspectors.

Arrest Causes Sensation.

The arrest created a profound sensation at the postoffice department. The news spread rapidly and within a few minutes after the arrest the fact was known generally. Postmaster General Payne lost no time in communicating the news to the public, summoning the newspaper men and saying:

"Mr. Machen is now under arrest in this building. He has received a large sum of money from the contractors who supply the government with certain articles. The amount he is charged with receiving is over $20,000. The department will make a statement later in the day, as soon as it can be prepared."

Subsequently Mr. Bristow gave out the following statement:

"A. W. Machen, general superintendent free delivery system, was arrested at 1 o'clock today. He is charged with receiving bribes amounting in all to about $22,000 in connection with a contract held by Groff Brothers, of Washington, D. C., for a patent fastener used on street letter boxes, known as the Groff fastener. The postoffice department in the past ten years has used about $140,000 worth of these fasteners, and it is shown by ample evidence that, for the past three years, at least, Mr. Machen has been receiving 40 per cent of the amounts paid to the Groffs. The transaction of the business was conducted by Diller B. Groff, who controls the patent of his brother, Samuel A., a policeman."

Machen Gave Big Bond.

Mr. Machen was taken by the deputy marshal directly to the office of United States Commissioner Taylor where arrangements to give bail were made. Mr. Machen communicated with his attorneys, Douglass & Douglass, and in a few minutes Charles A. Douglass, senior member of the firm, arrived at the commissioner's office and assumed charge of the case. On behalf of his client, he demanded an immediate hearing.

Assistant District Attorney Hugh Taggart, who is conducting the case for the government, informed Commissioner Taylor that he was not ready to proceed and asked for a postponement of the hearing for ten days. To this request Commissioner Taylor acceded and fixed the hearing for Friday, June 5.

After a brief discussion of the bond, Commissioner Taylor announced that he would ask bail in the sum of $20,000. This was satisfactory to Mr. Machen and his attorneys and the Union Surety and Guaranty Company, of Philadelphia, gave the bond.

To all newspaper men Mr. Machen said that he had no extended statement to make for publication. To a representative of the Associated Press he said:

"This will come out all right. My arrest is merely a grandstand play."

Attorney Charles Douglass made this statement:

"Several days ago my firm was retained by Mr. Machen to look after his interests in connection with the investigation of affairs at the postoffice department. I am, therefore, cognizant of the situation in detail. I am confident that, at the proper time, we shall be able to show in the most conclusive way that not only has Mr. Machen been guilty of no wrong in connection with the department's transaction with Groff Brothers, but that his administration of the affairs of the free delivery system has been characterized by uprightness, integrity and ability."

Mr. Groff did not make any statement regarding his connection with the charge against him. The warrant served him charges a violation of the section of the revised statutes making bribery of officers of the government a criminal offense. The information upon which the warrant was issued was sworn to by Walter S. Mayer, a postoffice inspector. This information alleges the payment by the partners of various sums of money to August W. Machen, in pursuance of the alleged agreement between them in connection with the purchase of letter box fasteners. Samuel A. Groff, the other partner, was arrested tonight. Arrangements were made immediately whereby he was released on $5,000 bail being given for his appearance before United States Commissioner Taylor when required.

End Is Not Yet, Says Payne.

Postmaster General Payne said that the evidence against Machen was of the most conclusive character.

"It is a very sad affair," Mr. Payne added. "It is very serious business. The probabilities are that the end is not yet."

The postmaster general said that the department was running down all of the charges that have been made concerning the postal administration; that many charges have been made which are not known to the public, and that where a few were substantiated, great numbers of the allegations proved without foundation.

He made the significant suggestion that there were many other charges of irregularities in the free delivery office now being investigated. Commenting on the arrest of Daniel V. Miller, the assistant attorney, which preceded by forty-eight hours that of Mr. Machen, Mr. Payne said that he had asked Assistant Attorney General Robb whether the Ryan decision, which Mr. Christiancy signed at the instance of Miller, was proper under the law and under the facts. Mr. Robb's answer has not been received.

Mr. Payne was asked whether the department was keeping in touch with George W. Beavers, the former superintendent of the division of salaries and allowances of the department, who suddenly resigned some weeks ago. He replied affirmatively.

"I have no doubt," he said, "that the department is keeping track of him."

Postmaster General Payne dismissed Mr. Machen in the following order:

"A. W. Machen is this day removed from the position of general superintendent of the free delivery service. His removal is made by reason of malfeasance on his part in the discharge of the duties of his office."

Groff Called and Gave Bond.

Washington, May 27.Diller B. Groff, of Groff Brothers, who are accused of bribing August W. Machen for the purpose of procuring purchase by the government of their letter box fasteners, called at police headquarters tonight, saying that he had heard a warrant for his arrest was out. He was served with the warrant and was released on $10,000 bond, pending a hearing before a United States commissioner tomorrow.

MRS. PEDDY GETS $6,000 DAMAGES

She Sued the Columbus Railway Company.

Was Driving Across Street Railway Tracks When a Car Struck Her Buggy, Throwing Her Out. Arrest of Negroes at Columbus.

Columbus, Ga., May 27.—(Special.)—In the superior court this afternoon the jury in the damage case of Mrs. Laura Peddy v. the Columbus Railroad Company brought in a verdict for $6,000 damages. The trial of the case consumed nearly three days. Mrs. Peddy was driving across the street railway tracks when a car collided with her buggy, throwing her to the ground. She sustained injuries in the accident which she claimed were permanent.

Alderman Sommerkamp the Speaker

The programme of the closing exercises of the public schools was announced today by Chairman George C. Palmer, of the board committee on closing exercises. The address this year will be delivered by Alderman F. M. Sommerkamp. The exercises occur on the evening of June 4. A fine programme has been arranged.

Will Bartlett Captured.

Will Bartlett, a young man charged with larceny from the house, who escaped from the county authorities some time ago, was recaptured by the police last night.

Charles Bedell, colored, was arrested by the police this morning, charged with larceny. During the day one of his friends, Dozier Thornton, called at police headquarters to see him. Chief Reynolds suspected that the two were pals and refused to let Thornton leave the station. A sharp struggle ensued, the negro making a desperate effort to regain his liberty, but the chief held him. Thornton had $70 upon his person and it was identified as stolen money.

Matter Is Adjusted.

The case against Messrs. Harris and Norris, two young men arrested at the instance of the president of the Central Federation of Labor, has been dismissed, the matter being amicably adjusted and both defendants are now at liberty. They are at work among the merchants, straightening out their business matters. The young men have an advertising scheme which received the indorsement of the Central Federation of Labor.

KILBURN RETURNS TO MACON

President of Georgia Federation of Labor Visited Rome.

Rome, Ga., May 27.—(Special.)—Hon. L. J. Kilburn, of Macon, president of the Georgia federation of labor, who has been spending several days in Rome in the interest of the labor organization, has returned to his home.

Rome will be well represented at the forthcoming meeting of the state federation, which meets in Macon on June 17, and an invitation will be extended the convention to meet in Rome next year. The central union, the retail clerks, the molders, the carpenters, the street car men and the printers will all send delegates. Mr. Kilburn was the recipient of a great deal of social attention while in Rome.

INSPECTED THE INSTITUTION

Board of Visitors to the School for Deaf.

Rome, Ga., May 27.—(Special.)—The board of visitors to the Georgia School for the Deaf visited that institution today. Major R. T. Fouche, chairman of the board, headed the delegation and a thorough inspection of the buildings, grounds and affairs was made. Everything was found to be in first-class condition and the visitors expressed themselves as very much pleased with the schools.

Retail Grocers' Association.

Macon, Ga., May 27.—(Special.)—The National Retail Grocers' Association will convene here in annual session in July next, and for two days will attract the attention of the public. A. W. Farlinger, of Atlanta, is president of the association and in connection with A. B. Quinlan, of the Macon branch, is doing everything possible to make the coming session one of the most successful in the history of the national organization.

NO HEED GIVEN TO THE CHARGES

Complaint of the Blind at State Academy.

Board of Visitors, After Hearing Compliant, Decided Investigation Unnecessary as Superintendent's Term Soon Expires.

By E. C. Bruffey.

Constitution Bureau, 467 Second Street, Macon, Ga., May 27.—(Special.)—The board of visitors to the Georgia academy for the blind convened here today. They gave no heed to charges preferred by pupils against Superintendent Conner.

After the informal conference of the members of the board at the institute buildings, which were gone through thoroughly, a meeting was held at which the coming report to the governor was considered. The board was formed into committees and to each was allotted a particular work, which, when completed, will be joined together to make the report of that board.

It cannot be said when the paper will be ready for transmission to the governor, as the ground to be covered is extensive, neither can the nature of the paper be indicated further than to say there will be a number of suggestions calculated in the minds of the members of the board to improve the academy.

During the afternoon session the charges against the superintendent were given about the only consideration the kick lodged by the pupils will receive at the hands of the present board. That consideration was brief and conclusive and will have a passing notice only in the final publication by the board if it is mentioned at all.

It is understood the members of the board do not deem an investigation necessary. Were any importance attached to the complaint the board could easily get around an investigation, as the term of the superintendent expires in a few weeks. The board will then elect a successor to Superintendent Conner and the votes cast in that election would show the faith of the board in the present official of the degree of belief entertained by the members in the charges if his name appears among the candidates

Complaint of the Inmates.

The complaint, in its opening paragraph, declares an impartial investigation will sustain the assertions made therein. It declares that the action is not taken in any heat of passion or through any enmity toward the superintendent, but is based upon a conviction on the part of the signers that the academy under Superintendent Conner does not extend the opportunities for improvement to which they are entitled. The signers declare that Superintendent Conner does not keep the board of trustees fully and correctly informed as to what transpires at the institution and thereby creates and allows gross evils within the school. It asserts that the internal affairs of the institute have sunk to a low level.

The complainants declare that no penalties were required for a violation of the established rules of the school and the standard of deportment has necessarily declined. The superintendent is charged with mismanagement and the morals of the schools are assailed. Tobacco chewing in the presence of the superintendent, smoking within the main building and theft even from the superintendent's office are charged. The bill further asserts that in many instances the offenders were known to the superintendent, but that no attempt was made to suppress the evil, neither was an effort made to trace out the guilty when the particular offender was unknown.

Opening of gas jets by lawless students in the bedrooms of some of the pupils is charged and it is asserted that these lawless scholars were not disciplined when located. But the dangerous practice is allowed to continue, says a sentence in the bill of complaint. Tyranny of a stronger child over a weaker one is charged and according to the declaration of the signers no effort is made to suppress it. An absolute want of respect on the part of the pupils for the superintendent is asserted. Neglect of property on the part of Superintendent Conner is declared and in this paragraph the complainants go into minutes details.

The sanitary department of the institute is assailed and the health of the students is declared to have been affected. The quality and the quantity of the sugar, the beef, the butter and the corn bread is criticized adversely and strongly. It is written in the paper "that the choicest is reserved for the principal's table. It makes no difference to the children what they have." The sick are neglected, declares the paper. The superintendent's educational plan is assailed and dissected. The paper is signed by twenty-four inmates of the academy.

Jerome Jones in Macon.

Macon, Ga., May 27.—(Special.)—Jerome Jones, of Atlanta, was in Macon today arranging details for the convention of the State Federation of Labor here next month. Mr. Jones says that the convention will be one of the most largely attended ever held. While he travels through several large southern states, he has never seen a state organization continue so regularly to hold the enthusiasm of its members.

Wesleyan Trustees to Meet.

Macon, Ga., May 27.—(Special.)—The board of trustees of Wesleyan Female college will convene tomorrow morning at 10 o'clock, and during the session an effort will be made to elect a president to succeed Dr. Roberts, resigned. Members of the board began arriving this afternoon. Nearly twenty prominent educators have been mentioned in connection with the vacancy.

Negro Crushed To Death.

Macon, Ga., May 27.—(Special.)—Jim Chambers, a negro, was crushed to death in The Central railway yards this afternoon. Chambers was working around a pile of lumber which fell upon him. His death was instant.

Check for Louise Hadley.

Macon, Ga., May 27.—(Special.)—A postoffice money order for $40, a purse made up by the Macon police, was today forwarded to Louise Hadley, the Indianapolis chambermaid of Booker Washington notoriety.

Burglary of a Store.

Macon, Ga., May 27.—(Special.)—Davis' store, on Cherry street, was burglarized at an early hour this morning, and within a short time the burglar was under arrest. In fact, the arrest was effected before the burglary was known to the officers on the beat. Shortly after 1 o'clock, Patrolman Hackney observed a negro enter an alley off Cherry street, carrying under his arm a large bundle. The patrolman hailed the negro and began an investigation. The package was found to contain shoes and other articles of merchandise, and when Hackney began plying the negro with questions he admitted that he had broken in Davis' store and had robbed the cash drawer, in addition to helping himself to what he wanted. The officer identified his prisoner as Joe Jenkins, and had him booked at the barracks for burglary. Jenkins had broken a lock on a rear door to the store with a hatchet, and willingly showed the officer how he did it.

To Investigate Child's Death.

Macon, Ga., May 27.—(Special.)—While Carrie Jordon, whose home is in the rear of a store on Poplar street, was away fishing this morning her young babe was found dead and alone in a room of the house. The officers acquainted with the situation did not like the appearance of things generally and caused the arrest of the mother, claiming that the child's death will bear a more careful investigation than has been made so far.

Senator Bacon Goes to Washington.

Macon, Ga., May 27.—(Special.)—Senator A. O. Bacon has gone to Washington to attend to some matters connected with his official duties. He is one of the committee to visit West Point Military academy and will attend the graduating exercises at that institute.

Rome's Tax Rate.

Rome, Ga., May 27.—(Special.)—The city council has fixed the city tax rate for the coming fiscal year at $1 on the $100. This is 10 cents lower than last year and is as low as it has been in several years, but not the lowest in the history of the city.

THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What Is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

Motherhood

Motherhood is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers. Consciousness of possible suffering makes any woman shrink from motherhood as a dangerous ordeal.

Wine of Cardui gives women the perfect health that makes motherhood a joyful privilege. This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mothers' hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy. Wine of Cardui babies are always

Healthy Babies,

because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the reinforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at $1.00 a bottle. Why don't you secure a bottle of this medicine to-day?

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

Eye Witness Gives Horrible Details of Jewish Massacre.

Trouble Began on the Jewish Passover and the Next Day the Russians Did Their Bloody Work—All the Victims Were Mutilated.

New York, May 27.—Mandel Schuelmeister, 20 years old, and a native of Kishinef, was among the steerage passengers landed at Ellis island today from the North German Lloyd liner Grosser Kurfurst. He left Kishinef the Monday after the massacre and says Russia never saw anything to equal the outrage. Questioned through an interpreter, he said:

"On the Jewish passover there was much rioting. The houses of Jews were stoned and threats made to kill them. The next day when the Christians came out of their church the crowds, armed with stones and iron bars, attacked the Jews in the streets and began to sack the houses, killing men, women and children.

"I saw the mob enter the yard of the house next to ours, where they stoned a shoemaker to death. While I was hidden in the cellar with my family, I heard the mob enter our house and break its furniture and smash the windows.

"We were released from the cellar by our landlord. The next day the chief of police announced that the rioting must stop and that we would be safe in the streets. I saw in the cemetery fifty bodies of men and women waiting to be buried. These were badly mutilated, some with crushed heads and some with large holes through the head from ear to ear, made by spikes that were driven through them."

Schuelmeister said that he left Kishinef and was smuggled across the frontier, where "an agent" helped him to get to Bremen.

Resolutions Presented to Hay.

Washington, May 27.—Senators Alger and Burrows and Representative Lucking, representing the state of Michigan, called upon Secretary Hay at the department of state today and presented the resolutions adopted by the great Detroit mass meeting condemnatory of the attack upon the Jews at Kishinef, the text of which has already been published.

The secretary listened with interest to the reading of the resolution, which he promised to lay before the president upon his return to Washington, and he also discussed the subject with his callers. Many similar resolutions and letters of the same purport have been received by Secretary Hay, all of which will be accounted for in due course.

The Michigan delegation expressed themselves as satisfied that the universal and spontaneous action of the American people had a beneficial effect. They thought that the Russian government had already taken note of the ebulition of the popular feeling in America by extraordinary precautions to prevent a recurrence of Jew baiting in Bessarabia.

DR. SOUCHON AND MOSQUITOES

After Visit to Cuba, He Is Convinced Insects Carry Disease.

New Orleans, May 27.—At a recent medical convention held here, Dr. E. Souchon, president of the Louisiana health board, among the few strenuous opponents of the mosquito theory, after a spirited discussion at the American Medical convention, with Dr. Tabor, of Texas, and others, made a two weeks' visit to Cuba. They returned Friday and today the first fruits were apparent.

The Louisiana board virtually declared in favor of the mosquito theory, announced willingness to confine disinfection to soiled baggage only and provided for the disinfection of fruit ships after cargoes are unloaded, so as to kill all mosquitoes. The Cuban regulations are subject to approval by Alabama and Texas, which are in an agreement with Louisiana. In his report, Dr. Souchon declared Cuba not only free from fever, but he praised the health and reliability of the health system there.

TANNER BELIEVES HIS SON POISONED

Will Have Remains Exhumed and Analysis of Stomach Made.

If Traces of Poison Are Found an Arrest Will Probably Be Made. Death of Tanner Has Stirred Up the People of Hall County.

Gainesville, Ga., May 27.—(Special.)—John Tanner, father of the young man, today decided to have the body of Wiley Tanner exhumed and another analysis of the stomach made, and also an examination of the pitcher from which the milk was poured and the glass from which Tanner drank the milk to see if any evidences of strychnine can be found.

Accordingly, Dr. K. A. Smith and Coroner Dorsey went to Tanner's late home this afternoon to obtain the vessel from which the milk was taken. Tomorrow the physicians who made the first analysis will again make another. If they find any strychnine in either the stomach or bladder, or in the vessels from which the milk was taken, it is probable an arrest will be made.

The death of young Tanner has stirred up the county as nothing else has in many years, and on every hand people are discussing it in its every phase. The analysis to be made by the physicians tomorrow will be most thorough, and upon the outcome of this analysis largely depends the further prosecution of the case.

The county commissioners have agreed to pay all expenses of the investigation and analysis, if evidence sufficient to warrant a conviction of the guilty parties is obtained.

FOUND FLOATING IN RIVER

Body of Byrd Discovered by Fishermen at Wilmington.

Wilmington, N. C., May 27.—(Special.) The body of James D. Byrd, the white man who so mysteriously disappeared from his home in this city five weeks ago, and for whom the family and the police made such a diligent search, was found floating in the river today by fishermen. The body was in a terrible state of decomposition and identification was made possible only by papers in his pockets.

The coroner found no evidence of foul play and the supposition is that he fell in the river and was drowned the night he disappeared. Several dollars were found in his pockets, which explodes the theory that he was murdered and robbed.

Against Change of Name.

Roanoke, Va., May 27.—At the session of the eleventh annual council of the Protestant Episcopal church of the diocese of southern Virginia today, Bishop A. M. EXPLOSION OF A GAS RETORT

Arthur Ripley Killed at Valdosta Yesterday.

Valdosta, Ga., May 27.—(Special.)—Arthur Ripley, a workman engaged at the Valdosta Bottling Works, was killed this afternoon by the explosion of a soda fountain gas retort. Ripley was charging the vessel with carbonic gas when the explosion occurred and probably overcharged it. He was terribly mangled about the face and shoulder and died in a few minutes. The explosion was a terrific one, the retort being blown to pieces and holes torn in the floor and ceiling where it lay.

Renault never recovered full consciousness from the time he was found stretched out beside the roadway.

MINES ARE AGAIN BLOCKADED

Union Miners Prevent Running of Creek Mines.

Knoxville, Tenn., May 27.—The Tennessee Coal Company's mines at Coal Creek were blockaded again this morning by union miners and the manager did not undertake to operate the mines during the day.

At Minersville and the Coal Creek Company's mines a number of men went to work, about half a force, it is understood. The Black Diamond and the Royal Coal companies continue shut down.

TWO ARRESTS AT BIRMINGHAM

Of Men Suspected of Robbery of $7,000 at the Union Depot.

Birmingham, Ala., May 27.—City detectives claim to have unraveled the mystery of the $7,000 robbery of the union depot ticket office, in this city, which occurred May 16. As a result two young men, one of them the son of J. M. Bibb, superintendent of bridge and buildings of the Louisville and Nashville railroad, have been arrested and are now in jail. No one will be allowed to see them and not even the name of the second man arrested can be ascertained.

It is claimed that the robbery was accomplished by boring a hole through the ceiling over the ticket office, from a vacant room on the second floor of the union depot, and through this hole the robbers looked with a magnifying glass and watched the employees of the office work the safe combination. It is claimed that on the night of the robbery they entered the office while the night ticket seller was asleep and worked the safe combination.

The detectives expect to recover all the money and also to make a third arrest.

HUNDRED SHOTS ARE EXCHANGED

Battle Between Strikers and Mine Guards in West Virginia.

Thurmond, W. Va., May 27.—The first serious outbreak since the late strike order was issued occupied at the big mines on Laurel creek not far from here. For several days the strikers at that point have been making an effort to induce the non-union men to join their ranks. The strikers began marching in a body toward the mines.

The guards on duty, half a dozen in number, at sight of the marching body, opened fire. The strikers quickly returned the fire, but as they were yet at long range, the shooting was not effective and only one person, Marshall Brown, a guard, was killed in the battle. Several received minor injuries. Brown was shot through the stomach, the bullet being from a winchester, and he lived but a short time. More than 100 shots were fired before the strikers retreated.

WILL NOT REVEAL REAL NAME

Young Man Sentenced to Penitentiary for Burglary.

Americus, Ga., May 27.—(Special.)—An unusual scene was witnessed in the superior court room this afternoon when twelve prisoners were brought in to enter pleas of guilty to indictments returned. The dozen received sentences ranging from eighteen years for burglary, down to twelve months for cow stealing.

One of the bunch was a well-appearing young white man, who claims Macon as his home, and says his family is prominent there, his father being a well-known professional man. He went under the assumed name of Lefrye here and was sent to the penitentiary for five years for burglary. He positively refuses to reveal his identity for the disgrace brought upon his family.

JAIL IS STORMED TO GET MURDERER

White Man Is Hanged by Mob in Wyoming.

Victim Forced to Jump from a Bridge and His Head Was Cut Off—Clifton Accused of the Murder of W. C. Church and Wife.

Newcastle, Wyo., May 27.—W. C. Clifton, murderer of Mrs. John W. Church, was lynched by a mob from Gilette, last night.

The mob battered down the jail door, holding up the sheriff and deputies and took Clifton to a bridge west of town.

Clifton's head was cut off by the fall of 40 feet.

Sketch of the Crime.

Denver, Colo., May 27.—John W. Church and his wife, who lived on a homestead claim 75 miles southwest of Newcastle, were never seen alive after March 14 last. Clifton, whose ranch adjoined Church's was arrested April 7 and on April 17 he confessed that he had killed Mr. and Mrs. Church. Their bodies were found at the place indicated by him.

Clifton claimed he had killed the couple in self-defense. He had given Church a bill of sale covering personal property to secure repayment of $600 issued to him by Church. He had repaid this sum and obtained the bill of sale and that Mrs. Church had then threatened him with a six-shooter, demanding the return of the papers. He shot her, he admitted, and, being then attacked by her husband, killed him also. This story was discredited, as Mrs. Church was a slender little woman, only 22 years of age.

Church was formerly a stenographer in the Union Pacific offices in Omaha. His family and Clifton's reside in Council Bluffs. About a year ago Church and Clifton made an agreement to go into the cattle business in Wyoming together and Church then took up a homestead adjoining Clifton's. Clifton was 31 years of age

HE DIED BEFORE HIS TRIAL

Indicted for Killing Man, Millionaire Brewer Suddenly Expires.

Tiffin, Ohio, May 27.—Colonel Albert Brewer, Tiffin's millionaire, aged 43 years, died of heart disease this morning. He was in bed with a severe attack of rheumatism. Brewer was under indictment for manslaughter, being charged with killing Luther A. Hershey in a saloon row. His trial was set for June 15. Today is the anniversary of the death of Hershey and rumors were current that Colonel Brewer committed suicide, but they are denied by the attendant physician. Colonel Brewer was a prominent manufacturer, being the founder of the Brewer Pottery Company, of Tiffin. He served on the state fish and game commission and on Governor Bushnell's staff.

PLOT FORMED TO DO MURDER

Russian Officers Arrested for Planning Death of High Officials.

Berlin, May 27—The Lokal Anzieger today prints a dispatch to St. Petersburg that the arrest of two officers in the artillery of the guards, Lieutenants Grigoroff and Molostov, had caused a painful sensation in military circles. The arrests were the results of the seizure of the correspondence of a most compromising revolutionary character.

Lieutenant Grigoroff told the examining judge that he had decided to shoot the procurator of the holy synod, Podjedonoszeff, the day of the burial of M. Sipiaguine, the minister of the interior, who was shot and killed in April, 1902, but when he saw the feeble old man he changed his mind.

Lieutenant Molostov also admitted he had intended to kill a high personagé.

The examination of the prisoners has been conducted with rigor in order to uncover suspected plots.

SWALLOWED GROUND GLASS

Attempt of Emma Reese, at Charlotte, To Take Her Life.

Charlotte, N. C., May 27.—(Special.)—Death will, in all probability, be the end of the attempt of suicide by Emma Reese, an 18-year-old woman of this city. The young woman is a native of Asheville, who came here from Spartanburg several weeks ago. She had been living in a house with another girl, who went to Spartanburg last night. Emma wished to accompany her and became despondent at the prospect of being left alone. She accordingly began to drink and while half crazed went out among the neighbors and tried to borrow 10 cents with which to buy landanum, saying she wanted to kill herself.

Failing to get the death-dealing poison, the pulverized some glass and swallowed a teaspoonful of it. She coughed up one piece, but was immediately thrown into paroxysms of the most excruiating agonies. Amid her terrible sufferings she begs to die.

The Benefit for Hebrew Sufferers.

On Thursday evening, June 4, a grand benefit concert will be given at the Bijou theater in this city for the purpose of raising funds to assist the sufferers from the Russian massacre at Kishinef. The committee having the concert in charge has placed tickets on sale at numerous places in the center of the city. The price is 50 cents, with an extra charge of 25 cents for reserved seats. The box seats, which are forty-eight in number, are to be sold at auction in the lobby of the Bijou theater at 12 o'clock on Tuesday, June 2. The programme of the concert is now being arranged and will be participated in by the foremost artists of the city.

To the people of Atlanta, this opportunity to contribute to this relief fund will be gladly welcomed, not only as an opportunity to give expression to the community's abhorrence of the hideous crimes that have outraged the humane instinct of all peoples, regardless of race or creed; not only because it is an opportunity to assist in a work of the loftiest charity, but because it will be an expression of the good will and sympathy which the people of Atlanta bear toward their Jewish fellow-citizens.

Religious differences have never prevented the Jews of Atlanta from taking an active part, and working to the best of their ability, and with all enthusiasm, in any project that looked to the welfare and advancement of the city. Their participation in the recent movement to secure the Presbyterian university is but one of many instances that might be cited. On this occasion their appeal for help should meet with an instant, enthusiastic and overwhelming response, and Atlanta owes it to herself to make this concert a grand success.

Hon. Frank H. Richardson.

The saddening news that comes from the bedside of Hon. Frank H. Richardson, for many years a confrere on the press of Georgia, will bring a pang to the hearts of his host of friends in Atlanta and throughout Georgia.

Mr. Richardson was an early chooser of his career and took to journalism with the zest and enthusiasm of one predestined to success. In whatever capacity or locality his lines were cast he shirked no hardship of his profession and always worked as if the article growing under his hand should be his chef d'oeuvre. His mental equipment grew daily and until he was stricken with what seems to be his fatal malady he gave to his readers the brightest, soundest and best thought of a brain without flaw in its conscientious integrity toward truth and logic.

Genial in spirit, hopeful in thought and patriotic in every purpose, he has been an honorable and honored soldier of his profession. Though activity may not return to him, or his cunning hand to its wonted labors, he will still have to his credit the fact that he helped men to think, the state to grow and his profession to be higher esteemed.

White Immigrants Wanted.

The New Orleans Picayune and Houston Post are on the right track in extolling the advantages offered by the south to white immigrants, particularly to such as make good farm workers and industrial workmen. The southern states have a remarkably small foreign-born population—a much smaller percentage than is good for their material upbuilding. Numerically there is a redundancy of negroes for laborers, but the agricultural and industrial condition of the south today attests all too plainly that this class of labor cannot be or is not being utilized to the adequate development of farm, mill or mine. The negro needs white manual competition. At his present rate of manual retrogression he presents a disquieting problem in southern development.

There is no doubt that, as a general proposition, the negro laborer is steadily growing less satisfactory. He can work if he will, but it is the exception when he does not work indifferently. In this connection, we note a movement in Baldwin county, Alabama, to establish an extensive "white man's colony," to be supported by agriculture and varied industry. There is nothing of the cooperative or other theoretical feature about the plan, the idea being simply to secure competent labor, which it is denied the negroes afford. A call is being made for immigrants from the northern states and northern Europe, on most liberal inducements. In various parts of the south there are already white colonies, the field and other manual work of which is performed exclusively by white immigrants, and these garden spots afford a striking object lesson in comparison with the usual appearance of rural communities in their section. They are as veritable oases in a desert.

The Houston Post says of the numerous foreign colonists of Texas:

> The foreign citizenship of Texas has been a powerful factor for good. First the Germans, then the Swedes and next the Bohemians who have settled among us are responsible for much of our prosperity. By industry and thrift they have in a majority of instances accumulated a fair measure of this world's goods and demonstrated beyond question that honest toil is sure of a rich reward in this section.
>
> Peacefully inclined and naturally law-abiding, the immigrants who have come to Texas have proven a valuable addition to its population. Many of their number have made their mark in our history, becoming prominent in professional and political life. Names foreign in origin are common in Texas commercial circles, success being the usual attendant of their possessors. On the farm the German and his fellows from across the ocean know no superiors.

The south needs more of the desirable class of immigrants, whether from the rural regions of the north and west or from the old world. They will here find more favorable conditions for their material advancement than elsewhere in the United States, and their coming will incalculably benefit the south. They should be invited and made welcome.

Labor Troubles in South Africa.

In the conquered Transvaal colony, as in the Philippines, the foreign developers are crying for coolie labor, since it is impossible to secure sufficient or capable native laborers. The same dread that exists elsewhere with respect to the large importation of Chinese labor is causing a large majority of the people of South Africa to vigorously protest against any modification of existing laws which will let down the bars to the Asiatics, and in the face of this protest it is extremely improbable that Great Britain will allow the great mine owners and developers to have their way.

The labor problem in the Transvaal is interesting as an ethnological side study, but not at all unique. It is the old problem of trying to make a hired hand out of the negro. The Kaffirs and kindred African tribesmen afford such native workers as the employing class are able to secure, and there is no more typical negro than the Kaffir. In the majority of cases he will not work at any price, as he is able to eke out some sort of a subsistence without sweat, and when he does have to work, he doles out his labor very penuriously. It is said one able-bodied Chinaman will perform the labor of two, sometimes three, Kaffirs, to say nothing of the indifferent way in which the latter do their work.

During the Boer regime the Kaffir was compelled to labor. The Boer government controlled the native chiefs, and when an employer wanted Kaffirs he entered into a kind of contract with the government, and the government into a kind of sub-contract with a chief. As for the Kaffir laborer, it can hardly be said that he was a party to the contract, for he was virtually impressed into service for a song, under a federal serfdom. Of course, tribal allegiance cut some figure in the tribesman's relation to his chief. These Kaffir workmen were kept under guard in camps very like a convict camp, and if they did not succeed in running away, served their time out under work overseers who did not hesitate to apply the lash.

Of course, England cannot stand for any such labor system, and now that the Kaffir cannot be compelled to labor, he is enjoying dolce far niente, while many of the mines are idle from lack of sufficient labor to operate them. The chiefs are quite willing to farm out their miserable subjects on the old terms, but without the co-operation of the Transvaal government, the Kaffirs cannot be made to work.

It is said the Kaffirs, who out-number the whites several to one, have become badly demoralized since the Boer war, and idleness is fast developing their worst criminal side. Their attitude toward the whites has been described by the British press as "truculent effrontery," and a race war is regarded as imminent. The crime of rape against white women was unknown among them when the Boer burghers held sway, but now it is declared white settlers live in mortal fear of this inherent racial crime. In every case thus far where the perpetrator of this beastly crime has been appehended he has been lynched.

It will thus be seen that a "race problem" has grown out of the labor problem in the Transvaal, and the situation is exciting the gravest apprehensions, as well as great losses to the mine stockholders. There is much talk of the industrial training school and moral 'suasion as a remedy.

Hanna as the Pacemaker.

Mark Hanna is, in the language of Bohemia, a bird! He has established a concordat. He has forced Roosevelt to "praying ground and pleading terms" and caused Foraker to furl his fighting comb and lower his shawl-neck feathers. Peace reigns once more in Ohio and "the boss" is as complacent as a young girl who has been asked to the ball.

What lies behind all this curtain-raising act in the republican theater of events is yet to be revealed in its fullness, but enough can be read from it to understand that President Roosevelt knows where the torpedo lines of his enemies were being strung and is prepared to make terms that will allow his presidential yacht a free course through the convention of 1904.

It would be a strange, but not impossible, denouement to find the invincible Roosevelt anti-trust programme and the Hanna labor legions giving shape and substance to the battle line of next year. Indeed, it might be the salvation of the president and his party to force the money power to abandon its dictation in that party, or to transfer its presence and schemes to some other party.

Yet we shall see later what is the milk in this new cocoanut!

The Greater Georgia.

The enthusiastic reception given to those who are promoting the Greater Georgia movement indicates plainly that the spirit of progress is not confined to a few localities in the state. It is a widespread sentiment and is eagerly favorable to any system of practical plans for increasing immigration, capital and industries for our resourceful state.

There was a time, now happily past, when through the bitter experiences of war and reconstruction, many of our people were inclined to reject any concerted effort to invite the stranger to the state. If he chose to come voluntarily and "take pot luck," so to speak, with our people, no one would actively prevent him. But the feeling that Georgia must work out her own salvation was uppermost. And perhaps Providence wisely so impressed our people, for it converted them into self-reliant, hardworking and successful men.

The Georgia of today, magnificent and honored for her progressiveness, is their work and they may well be proud of it. But a new era has come, when people of skill and capital are needed to keep up the pace, enlarge the results and make Georgia in all respects the imperial state of the south. That is the splendid work the Greater Georgia movement will accomplish.

How Democracy Can Best Work.

(From The Washington Post.)

The wildest blast that Mr. Bryan has blown since "the Cleveland revival" began were tame in comparison with the Eagle's screams. And we know of nothing that could more seriously grieve the discreet friends of the ex-president than the prevalence of a suspicion that such campaigning had his approbation or sympathy. Fortunately for all concerned, Mr. Cleveland is above the reach of such a reproach. The Eagle refers to "sordid or fanatical republicanism" as one of the agencies operating against the salvation of the country "through Clevelandism." If the high character of our Brooklyn contemporary—a character long and well maintained—did not render it immune from any suspicion of its integrity, the conclusion would be almost inevitable that its present purpose was to promote republican interests by making democratic harmonization impossible. Although we are bound to believe in The Eagle's sincerity and honesty, we are sure that if its chief desire were the destruction of democratic hope it could not address itself to that purpose more shrewdly and effectually by any change in its present plan of operations. The best work that can be performed by the democratic press for the unification of the party is fairly sampled by this extract from a long editorial in The Atlanta Constitution:

> "The first premise of the democratic campaign for 1904 must be the absolute unavailability of both Cleveland and Bryan. They have served their opportunities and the good or ill if their activites have been charged upon the party ledger to the account of profit and loss. Their accounts as candidates for the presidency are closed and balanced."

That is a potential voice from the section that is to decide the fate of the democratic party. The difference between the policy of The Eagle and that of The Constitution is the difference between vitriol and arnica.

RAILWAY NOTES.

The number of postage stamps used by a single department of one of the local railways is something that far surpasses the idea that one would have who had not investigated the matter.

A larger quantity is used in one month by this department than is used by many men in a lifetime of business. It is stated by one of the officials that the usual purchases of stamps per month is about $400 worth, and this does not include 2,000 stamped envelopes. This in the face of the fact that much of every road's mail matter is sent on its trains without postage on it.

W. J. Parker, contracting agent of the Atlanta and West Point road at Columbus, is in Atlanta. He accompanied the members of the Miriam Rebekah lodge and will remain until they return tomorrow.

W. T. Saunders, general agent of the passenger department of the 'Frisco system, has gone to Annapolis to attend the marriage of his sister.

G. D. Langston, who has been looking after the validating office during and after the confederate reunion in New Orleans, has returned to Atlanta. The validating office will be continued for some days longer, however, as a number of the veterans will not return to their homes until the time limit of their tickets expires.

All the colleges are closing for the summer vacation, and the trains passing through here are filled with the merry parties of students. The girls from Brenau were here yesterday, fifty strong, and those from Cox college have been coming through in equally large parties.

The excursion of 500 people from all parts of Florida that came up several days since has reached its time limit, and those who were on it are returning to their homes. The Central handled numbers of them today and yesterday.

C. F. Austin, commercial agent of the 'Frisco, is off on a trip with a party of capitalists from Carthage, Mo., who are being shown the cotton mill district around Columbia, Spartanburg and Greenville, S. C., and other points in the Carolinas.

George B. Flint, union ticket agent at Albany, was in the city yesterday. He has returned to Albany.

Knoxville, Tenn., May 27.—(Special.)—Jonathan Tipton, division freight agent of the Southern railway, is critically ill at his mother's home at Louden, Tenn. He can live but a short time. Mr. Tipton was formerly claim agent of the old East Tennessee, Virginia and Georgia road, and is well known all through this section.

Columbus, Miss., May 27.—(Special.)—Another mass meeting of the citizens of this place was held Saturday afternoon to decide as to whether or not Columbus would accept the proposition of the gentlemen who are the promoters of the project to build the Tombigbee railroad from Aberdeen, Miss., to Pensacola, Fla., via this place and Linden, Ala., if the citizens here would subscribe $50,000 to the movement. It was decided Saturday and Judge Cayce, the chairman of the committee, was instructed to advise the promoters accordingly, that the citizens of Columbus would agree to pay this amount upon the specified terms. As soon as the road was completed to Linden, Ala., and both passenger and freight service had been installed, Columbus would pay the company $25,000 and as soon as the road had been completed the balance of the distance to Pensacola that it would pay the other $25,000.

She Was Present.

"And when you marry," she softly said, "I hope you'll remember to invite me to the ceremony."

He looked thoughtful.

"It will be awfully crowded, no doubt," he said, "but I think I can ring you in somehow."

And a moment or two later she declared the ring an astonishingly good fit.—Cleveland Plain Dealer.

"JUST FROM GEORGIA."

A Summer Invocation.

I.

The lily wears a dusty vest—
The violet's drooping under:
Blow, O, wind, from out the west—
But do not blow like thunder!
Last time we asked you
To the town
You blew a dozen
Steeples down!

II.

And come—O, cooling drops of rain,
With sweet rejuvenation
To this thirsty field and famished plain—
But do not flood creation!
Last time we asked you
To the place,
To the high hills
You made us race!

III.

Blow, breezes, from Arcadian vales
Where Love's a rosy winner!
Waft echoes of sweet nightingales,
And horns that blow for dinner!
But gently blow
O'er violet-ways:
(The house rent's paid
For thirty days!)

The long-lost archives of the Metropolis of Billville have been found. They make interesting reading, of which we are permitted to furnish a few extracts:

"The first settlers of the town of Billville came over from Everywhere three months before Oglethorpe landed, establishing at once the first moonshine distillery ever operated on Georgia soil. No such corn liquor as was made then is possible now. After three drinks of it Colonel Bill, for whom the town was named, killed a dozen Indians, and climbed a Family Tree a quarter of a mile high.

"After the citizens had passed a year in the peaceable employment of slaughtering the original owners of the soil, Billville, after a pitched battle, surrendered to the Bill Collectors—a tribe that numerously infested that section of country, and whose descendants are still with us, on the First of every month.

Society did not make its appearance in Billville until the year 1798, when it slid down from a Tree, and washed its face, and combed its hair, with the Chattahoochee River for a looking-glass, and gave a Fancy Ball, in a mud cabin, the site of which is still standing.

HIGHER LICENSE ON DANCE HALLS

Tax Committee Accedes to Request of Colored Preachers.

The tax committee of council yesterday after hearing from a delegation of negro preachers decided to increase the license tax on dance halls to $200, the object being to make it in a great measure prohibitive.

A delegation of about ten colored preachers and prominent church members, headed by Rev. E. P. Johnson, of the Reid Street Baptist church, appeared before the committee. Rev. Johnson briefly stated the case, declaring that the negro dance halls were hotbeds of crime. He declared they not only tended to keep down the negro race, but resulted in the contamination of many of those of the race who were inclined to live respectable lives. The colored people not having reached a point where they can draw social lines, as do the whites, he said, there was no way in which to avoid this contamination. These dance halls are run in connection with barrooms, though by different parties, and are considered about the lowest dens in the city. About the only thing that could ever be said in their favor is that they sometimes aid the police in capturing criminals; and yet as Clarence Moore, clerk to the recorder, told the committee, from 40 to 50 per cent of the cases that come before the police court are from and in many cases the direct result of these dance halls.

After hearing from the committee, the tax committee decided to fix the license at $200, and an effort will be made to have the matter so regulated that no license will be granted even at that figure, except with the approval of the police committee.

Another question that came before the tax committee was whether a party who had paid taxes for one year in one city of the state could be called on to pay city taxes here for the same year. Curran & Scott, who ran a barroom in Rome until the dispensary run them out, moved to Atlanta in April, 1902. They paid their city taxes in Rome and were required also to pay for the same year in Atlanta. They are now asking relief from the Atlanta taxes. The committee referred the matter to Tax Investigator Collier.

SHORT ITEMS OF LOCAL INTEREST

A PERMIT HAS BEEN GRANTED by Building Inspector Frank Pittman to W. L. Traynham to construct a brick planing mill and boiler house at Ocmulgee and India streets. The cost of the plant will be $2,500.

THE TEACHERS' COMMITTEE OF the board has postponed its meeting until a quorum can be secured. Three of the five members were out of the city yesterday. It is expected, however, that the meeting will be held within a few days as the time is approaching for the question of teachers for next year to be settled, and there are numerous applications pending.

MAYOR HOWELL, PRESIDENT J. K. Orr and Secretary Walter G. Cooper, of the Greater Georgia Association, and J. H. Gould, of Harper's Weekly, spent yesterday in Cedartown, where they held a meeting in the interests of the association. They stopped for a short time in Cartersville yesterday afternoon on the return trip. The people of both cities were quite enthusiastic in behalf of the movement.

THE SECRETARY OF STATE HAS granted an amendment to the charter of the Atlantic Coast Line, so as to give that company the requisite permission to build a 10-mile extension from a point on its line near Climax, in Decatur county, to another point in that county.

MARGARET T. NICHOLS, INFANT daughter of Mr. and Mrs. F. T. Nichols, died last night at the residence of her grandparents, Mr. and Mrs. W. M. Ellison, 741 Woodward avenue. The funeral arrangements will be announced later.

FUNERAL SERVICES OVER THE body of Mrs. Ida C. Hadaway, wife of A. E. Hadaway, were conducted yesterday afternoon at 3 o'clock at the Glenn Street Baptist church by Dr. Virgil Norcross. The interment was in Westview cemetery.

THE BODY OF ROY EWING, THE 7-year-old son of Mr. and Mrs. R. W. Ewing was taken to Lilburn yesterday morning for interment. Funeral services were conducted there.

THE FUNERAL OF MILTON A. Magbee, who died Tuesday at his residence, 354 Cherry street, occurred yesterday afternoon. Funeral services were conducted at 3 o'clock.

AFTER A CONTINUED ILLNESS, Mrs. Fred A. Carter, of Sweetwater, Tenn., died yesterday at the residence of her aunt, Mrs. B. F. Abbott, on Peachtree street. Mrs. Carter was a woman of most estimable character, and her lovable disposition has endeared her to a wide circle of friends here and at her home. The body will be taken to Sweetwater for interment.

JOHN LAWRENCE, A WHITE MAN who says he is an artist by profession, was caught by Patrolman Davis yesterday morning trying to steal a ride on the top of a passenger coach. In police court Lawrence stated he was trying to reach Chicago to see his old mother, who was said to be dying. He had been to Florida. The recorder fined him $5.75.

J. D. PINION, A WHITE MAN WHO has been acting as a stool pigeon for the city detectives, had cases made against Charles Jackson and John Cody yesterday, charging that they cursed and abused him. Pinion had reported Jackson as a passer of counterfeit money. Jackson threatened to whip the stool pigeon if he did not let him alone. The recorder dismissed both cases.

FRANCIS C. SOUTH, SHIPPING clerk for the Rhodes-Haverty Furniture Company, 65 Peachtree street, is in the Tower, charged with seriously cutting Charles F. Swinney, a salesman in the same store. The men quarreled about the right to use the freight elevator. South claimed that Swinney had him down fighting him when the knife was used. He was released on his recognizance, but was subsequently rearrested on a warrant and sent to jail.

JUDGE W. T. NEWMAN YESTERday overruled the demurrer filed by Dorsey, Brewster and Howell in the case of J. T. Tucker, who is suing the Southern Railway Company for $35,000 for personal injuries alleged to have been sustained at Flovilla. C. T. Ladson represents the plaintiff.

PRICE OF COAL TO REMAIN HIGH

Dealers Says Users of Anthracite Will Find No Relief.

When the cold winds begin to blow this winter the purchasers of domestic coal in Atlanta and elsewhere will find that this necessary of life is selling for a higher price than ever before in the history of the world, notwithstanding the fact that it went soaring above and beyond anything last winter—or, at least, so says one of Atlanta's leading coal dealers.

Now, it was and is still devoutly believed by the anthracite burners that the price this year would take a slump after the so-called outrageous prices of last year, but it seems that just the opposite is to be expected. Instead of the price going down it is predicted that it will take an upward shoot.

Another feature of the coal situation which will not be received with any great relish by the buyers is that the present price will hold good during the hottest of the summer weather, and they do say that domestic coal will likely be even higher during scorching August and July.

One of Atlanta's prominent coal dealers was discussing the situation yesterday and said:

"Well, as I see it there is to be no relief in the price of coal. It is more than probable that the present summer prices will hold their own, and there is a strong probability of the price going still higher. Anthracite is now selling for $8.50 per ton, while the price last year at this time was $8; jellico is now selling for $4.50 as against $4 this time last year."

When asked as to the reason for this increase of 50 cents, he replied:

"The coal operators were never in better circumstances in their lives. They have money piled up in bank as a result of the good prices received last year, and are so independent this year that they demand their own price. The shortage of the car supply last year considerably hampered matters, and caused the price to go up. The operators made such good profits on their goods that they now have money and plenty of it, and as a result they are demanding just what they want for their coal. If you do not want to buy at the prices they politely say that they are not anxious to sell, and tell you that you can buy elsewhere.

"Last year at this time the traveling men were on the road for the operators and were trying to sell; this year it is different. I have had one traveling man call on me this spring, and he was as independent as an English lord.

"Then, too, the car supply will be little better this year than last. It seems that the railroads do not possess and cannot secure enough cars to handle the output, and so they in a certain measure assist the mine operators in keeping up the present high prices.

"Yes, I am confident that the present prices will prevail during the summer, and with a strong probability of an increase."

SHRINERS TO ASHEVILLE

Members of Yaarab Temple of Atlanta Will Attend Big Gathering June 3.

Several members of Yaarab Temple are going to Asheville, N. C., on June 3 to attend a meeting of Oasis temple to be held there on June 4 and 6. They will leave Atlanta at 5 o'clock on the afternoon of April 3, arriving in Asheville at 7 o'clock on the morning of the 4th.

On Thursday, June 4, the Shriners will be given a trolley ride to Overlook mountain, followed by a luncheon, and that night there will be a large ball given at the Battery Park hotel for the Shriners and the ladies of their party. On June 5, Friday, the visiting nobles will be given a drive around Asheville in order that they may enjoy the many points of interest in that beautiful section. At 5:30 o'clock a ceremonial session will be held followed by a banquet, in which the ladies will be included.

One of the chief attractions of the meeting in Asheville is the opportunity it offers for visiting George Vanderbilt's magnificent estate, Biltmore. While at all seasons of the year a part of this beautiful place is open to visitors and they are enabled to drive through the many miles of cultivated woodlands and fine mecadamized roads that surround it, a special courtesy has been extended to the Shriners and they will be conducted by the manager of the estate through the various dairies, poultry houses, stables and other places of interest that contribute their share toward making this the finest landed estate in this country.

Among those who will go from Atlanta are Potentate Forrest Adair and Miss Elizabeth Adair and Miss Caroline Howell, Mr. and Mrs. Ed McCandless and daughter, Mr. and Mrs. I. S. Mitchell, Mr. and Mrs. Arnold Broyles, Mr. and Mrs. J. C. Greenfield, Mr. and Mrs. John R. Wilkinson and Mr. Jack Wilson, Mr. and Mrs. James Hickey, Mr. and Mrs. H. C. Bagley, Mr. and Mrs. George Dexter.

AT SOUTH GEORGIA COLLEGE

Hon. Hoke Smith and Hon. Thomas E. Watson To Make Addresses.

McRae, Ga., May 27.—(Special.)—Next Sunday will usher in the commencement of South Georgia college at McRae, and there will be no better one in the state. The attractions offered by the school and the talented gentlemen who will be imported from other sections will together make a fine entertainment, indeed.

Witness the programme, in brief, below:

Sermon, Sunday, May 31, by Rev. A. M. Williams, Savannah.

Sunday night, sermon by Rev. J. H. Mather, of Montezuma, Ga.

Monday—Declamations and recitations.

Monday Night—Champion debate between the boys' and girls' societies.

Annual literary address, Hon. Hoke Smith, of Atlanta.

Tuesday—Graduating exercises; delivery of medals by Colonel R. J. Travis, of Savannah.

Tuesday Night—Grand concert by music and elocution classes.

Wednesday Night—Lecture on "The South," by Hon. Thomas E. Watson, of Thomson, Ga.

The term just closing has been the most successful in the history of the school, the total enrollment having been 430, and the closing exercises will be a fitting climax to the year's work.

Monday, Tuesday and Wednesday afternoons, of next week, Hagan and McRae baseball teams will play.

Our town is moving right along on all lines—new stores and residences going up all the time, and an air of prosperity pervades our community that is delightful to enjoy.

DISTINGUISHED MEMBERS GATHER AT FIRST SESSION OF GRAND LODGE

hn A. Hynds, of Atlanta, Elected Grand Master of Georgia.

SY DAY AHEAD FOR SECRET ORDER MEN

vernor Terrell Joins in Welcome to Odd Fellows and Receives an Ovation—Grand Sire John B. Goodwin Makes Response.

he first day's session of the grand e of the Independent Order of Odd ws, of the state of Georgia, was the t notable in the history of the order this state.

he features of the day's session yes- ay were the election of officers for the ing year, the number of distinguished n present, and the record-breaking at- dance.

he officers elected are John A. Hynds, Atlanta, past grand Capital lodge, nd master of the grand lodge of Geor- ; John W. The hall was again packed, as it been when the encampment held exercises on the day before, and standing room was at a premium. members had places reserved for , and there was no undue crowding. ted on the platform in the hall were ernor Joseph M. that has just come to a close, only five states surpassing Georgia's record in that respect, and only one of these doing so on a comparative basis. Alabama is that state.

He notified all that Georgia does not intend to allow any state in the union to long hold any record that surpasses hers, and that with the passing of every year the order will become greater and greater.

McAlpin Responds.

Grand Master McAlpin responded to these addresses in a manner that immensely pleased the people. In referring to Governor Terrell's having become a member, he said that that was a step in the right direction, and turning to the governor, he added: "And they tell me, sir, that you have taken no other kind since assuming your high office." It could not have been otherwise, he continued, for he was a good Odd Fellow and good Odd Fellows were true men. Mr. McAlpin replied to all that the other speakers had said, and his talk was one of the best heard at the meeting. Past Grand Master Barnes was again called upon to address the members, and when he rose he was greeted with a perfect storm of applause. It is easily apparent that this veteran of the order possesses the affection of the members to a remarkable extent. His every word is listened to attentively, and his eloquent periods are responded to with the greatest amount of enthusiasm.

During his address he read from a written article the greetings of the order in California to the Georgia branch, and told of the progress of Odd Fellowship in the former state. He stated that every prominent officer and capitalist on the slope, almost without exception, were members of some of the secret orders, and a majority of them were numbered with the noble band assembled in this city.

At the conclusion of Mr. Barnes' address the master of ceremonies announced that all who were not members of the grand lodge were invited to retire, including in this list the new members who had not been admitted. All the ladies and a number of the men took their departure. The delegates to this year's grand lodge who had not received the grand lodge degree retired to the anteroom, where they were requested to hand to the secretary their credentials.

Grand Lodge Opens.

While that was being done the grand lodge of 1903 was formally opened in the main hall by the grand master. The report of the committee on credentials was presented as soon as the secretary could get all the certificates of the newly elected members in hand, and one hundred new members were then added to the lodge with appropriate ceremonies.

The committees for this session were then announced by the grand master, and were as follows:

Committee on credentials, George O. Berry, of Columbus, past grand master, chairman.

Finance and accounts, H. H. Osburn, of Savannah, past grand master, chairman. Appeals and grievances, J. L. Bass, of Rome, past grand master, chairman. Subordinate lodge returns, R. H. Sikes, of Augusta, past grand master, chairman. Unfinished business, J. M. Stearns, of Atlanta, past grand master, chairman. Judiciary, M. J. Daniel, of Griffin, past grand master, chairman. Legislation, C. D. Camp, of Atlanta, chairman. State of the order, Rev. W. E. Porter, of Brunswick, past grand master, chairman. By-laws, T. S. Mell, of Athens, grand representative, chairman. Mileage and per diem, D. B. McCowan, of Augusta, past grand master, chairman. Petitions and applications, George W. Gantt, of Macon, past grand master, chairman. Distribution, C. H. Dorsett, of Savannah, past grand representative, chairman. Miscellaneous business, E. G. Bennett, of Columbus, past grand, chairman.

Grand Officers Report.

After the announcement of the committees, the reports of the grand officers were submitted and distributed among the members for their consideration.

The call of the roll of lodges was next made, and the work of the meeting assigned among their representatives.

The election of officers was the next feature of the morning session, and resulted as has been stated.

The election of the officers for the ensuing term was the principal business of the morning session, and despite the fact that there was little or no opposition to any of them, much interest was taken in the event.

It has been known all along that John A. Hynds would be the next grand master of the order, as he has been successively promoted from all the subordinate positions until he reached yesterday the highest place in the gift of the grand lodge of Georgia.

The grand master announced that there would be a trolley ride tendered the visitors and their friends at 3 o'clock in the afternoon, and the offer was accepted with thanks by the members. The lodge then adjourned until 8 o'clock this morning, when it will reconvene at the same place and attend to all the business that was left unfinished yesterday.

Members Enjoy Outing.

In the afternoon yesterday the visiting Odd Fellows and their ladies gathered near the corner of Edgewood avenue and North Pryor street, and were met there by ten cars of the electric railway. They started on the ride at a few minutes to 4 o'clock and only returned at 6. They were carried out to the federal prison, to Grant park, over all the principal streets and to the most attractive sights in the city, and upon their return they were highly delighted with all they saw

COL. J. WALTER BENNETT,
Of Waycross, Ga., Deputy Grand Master of Georgia I. O. O. F.

and with the treatment given them by the local members of the order. While at the United States prison they were kept closely together and this gave rise to much humorous comment on the part of the visitors. They intimated that they supposed it was for fear that they would break into a cell or two that the authorities watched them and allowed none to stray away from the crowd. They were treated royally by those having the ride in charge and every attention was shown them that forethought could suggest.

The work done last night by the degree teams of the three Atlanta lodges was of the highest order, and was greatly enjoyed by the members of the grand lodge who attended in large numbers. There being no regular session of the latter, the members were at liberty to seek their own ends for the night, and a majority of them chose to go out to the hall and witness this work. There are three degrees according to number in the subordinate lodge, and four in reality. The team from Capital lodge exemplified the first degree, Fitzgerald's team the iniatory, and Central the second. The work was done in an exceedingly creditable manner and evoked much praise from the spectators. A large number were in the hall, the members of the lodges of the city turning out freely.

Some of the members of the grand lodge took advantage of the occasion of being in Atlanta and went out last night to see the shows that are in town, while others, not content with what they had seen of the city on the trolley ride of the afternoon, boarded various of the electric lines and went from place to place and even out into the suburbs.

Much Work Is Ahead.

At the session this morning there will be considerable work to be done, and the members expect to remain busy up to the close of the meeting this afternoon. The newly elected officers will be installed some time during the day, the hour not having yet been specified. The grand sire will probably conduct this ceremony, assisted by the past grand masters of the order who are present.

The obligations assumed by the officers of the grand lodge of Odd Fellows are beautiful in the extreme and this part of the annual meetings is watched attentively by all who are allowed to sit in the hall.

Committee reports will consume a considerable part of the time of the meeting, and at their conclusion the next place of holding the grand lodge meeting will be selected.

It is understood that Valdosta is possibly the favorite with the members among those suggested so far, though Atlanta holds a strong card in the fact that it costs about $600 less to hold the meetings here than at almost any other place in the state. Two-thirds of the subordinate lodges in the state are situated within a comparatively short distance from this city, and as the lodges have to bear the expenses of their delegates, this item amounts to a considerable sum where the place of meeting is at some distance from the lodges.

Atlanta has, of course, asked for the next meeting, and it is not yet certain where it will be held. The advantages and disadvantages of other points may be considered at today's session, as a number of other cities are bidding for it to come to them. The financial condition of the order in Georgia will come in for some discussion, and it is stated that the report of this committee will show a splendid condition of affairs to exist. Several other matters will receive the attention of the order at today's meeting, and everything will be done for the good of the order that seems necessary.

Tonight at the hall on Whitehall street the ladies of the Rebekah lodges of this city and Columbus will give an exemplification of the work of that branch, and their degree teams are said to be in fine shape, and many will attend the session. The pink and green colors of the Rebekahs were seen on many a dress front and coat lapel on the streets yesterday. Large numbers of the male delegates to the grand lodge are also members of the Rebekah branch, and they all seem to be proud to appear, like knights of old, in the colors of their lady friends.

The night session will be given over entirely to the women of the order, and it is expected that this will prove one of the most enjoyable features of the meeting this year.

With the final work of the Rebekahs, the meeting for this year will come to a close and pass into history. Never in the order's history has there been a more harmonious gathering, so far as it has progressed and as it promises to continue to the end. More distinguished men are attending than ever before at a meeting in this state, and their presence is the signal for enormous audiences at the public exercises.

Most of these men will be on hand at today's and tonight's sessions, and the attendance is likely to increase, if possible.

KING VICTOR TO VISIT PARIS

Italian Monarch Will Also Call on King Edward.

Paris, May 27.—Official arrangements have been concluded for a visit of King Victor Emmanuel of Italy to Paris on July 3 or 7. The question concerning the date is due to the uncertainty as to whether the king will go to London before coming to Paris. Elaborate festivities will be aranged here in his honor. It has also been officially decided that President Loubet will visit London and Rome. In connection with the latter visit the question whether M. Loubet will visit the pope is receiving official consideration. The understanding here is that the vatican is in favor of such a visit.

EIGHT MEN DEAD; OTHERS WILL DIE

Collision of Two Freight Trains at Bryan, Ala.

Wreckage of Both Trains Burned. Accident Supposed to Have Been Caused by the Operator Failing to Deliver an Order.

Birmingham, Ala., May 27.—A disastrous head-end collision on the Southern railway early this morning near Bryan, 28 miles west of Birmingham, resulted in the death of three engineers, four firemen and one brakeman, the destruction by fire of twelve loaded freight cars and eighty empty cars and great damage to the colliding engines. The dead are as follows:

HENRY ACTON, engineer.
L. G. CHESTER, engineer.
SAM JOHNSON, engineer.
ROLAND MADISON, colored, fireman.
OTTO WOOD, fireman.
DAVE INGRAM, colored, fireman.
BOB HANCOCK, fireman.
J. D. HILL, colored, brakeman.

All were instantly killed except Engineers Acton and Johnson. They were brought to Birmingham, Acton dying on the way and Johnson dying at the hospital this afternoon.

An extra freight train pulled by two engines was coming east and had just passed Bryan station when freight train No. 75 suddenly loomed upin the darkness and an awful crash followed. The cars piled upon the engines and in a few minutes the wreckage was in a blaze. The dead bodies were burned to a crisp.

Exactly what caused the wreck is unknown, but it is intimated that some operator on the line was asleep and failed to deliver his orders.

A NOBLE DONATION TO SUFFERING KISHINEF

A deal closed in the city yesterday means much to the Jews of Russia. The Three "S" Department Store has purchased from the A. M. Robinson Co. the cream of the stock of the Atlanta Bargain House, at a ridiculously low price. With this, and the magnificent stock of dry goods, women's suits, clothing that they always carry, they will inaugurate one of the greatest sales ever held in Atlanta. In speaking of the deal yesterday Mr. I. Springer said:

"Yes, it is true, we have purchased the largest part of that stock and will have a sale that will be the most sensational in price-cutting ever held here. This sale is being inaugurated especially for the relief of the down-trodden Jews of Russia. We are going to donate 6 per cent of our sale to the Kishinef Relief fund."

"You have my word for it. We are going to give more good, honest values for a dollar at this sale than you could possibly get elsewhere."

COAT OF TAR FOR CITY FATHERS

Citizens of Bremerton Angered at Closing of Puget Navy Yard.

Seattle, Wash., May 27.—The citizens of Bremerton threaten a coat of tar and feathers and the forcible expulsion from town of several members of council who are held responsible for an order issued yesterday by the navy department, practically closing the Puget Sound navy yard. Mayor Croxton is authority for this statement and his expression of the community's sentiment is indorsed by many prominent citizens.

By yesterday's order the fleet of warships now in California waters is directed not to sail for Bremerton, where extensive repairs to the vessels were to be made. Besides this, work on the gunboat Ranger, now in the navy yard, will be discontinued and the vessel will be sent to Mare Island, unless the wishes of the department are heeded regarding the closing of a half dozen saloons on Front street.

DOCTOR ON FOOD.

Experimented on Himself.

A physician of Gallon, O., says: "For the last few years I have been a sufferer from indigestion and although I have used various remedies and prepared foods with some benefit it was not until I tried Grape-Nuts that I was completely cured.

"As a food it is pleasant and agreeable, very nutritious and is digested and assimilated with very little effort on the part of the digestive organs. As a nerve food and restorer it has no equal and as such is especially adapted to students and other brain workers. It contains the elements necessary for the building of nerve tissue and by so doing maintains an equilibrium of waste and repair.

"It also enriches the blood by giving an increased number of red blood corpuscles and in this way strengthens all the organs, providing a vital fluid made more nearly perfect. I take great pleasure in recommending its use to my patients, for I value it as a food and know it will benefit all who use it." Name furnished by Postum Co., Battle Creek, Mich.

GREAT CHORUS TO BE FORMED

Preparations for Entertainment of International B. Y. P. U.'s

The local preparations for the entertainment of the International Baptist Young People's Union convention in July are well under way. This will be the largest religious body that ever met in the south and Atlanta will be crowded to its utmost capacity. Fully ten thousand delegates are expected from all parts of the world. The music will be one of the principal features of the convention. One of the leading chorus directors of the country will have charge of this part of the programme. He will arrive in the city about June 1 and will spend a month in drilling the great chorus of 1,000 voices.

The meetings will be held in the auditorium at Piedmont park. They will be presided over by the president, John H. Chapman, of Chicago. Mr. Chapman is a wealthy layman of that city and has been president of the organization from the beginning.

A full list of the committee in charge of arrangements is as follows:

LE COUR MAY BE IN CITY

Sergeant Reported He Had Seen the Missing Lieutenant — Police. Asked to Arrest Him.

The police have been notified that Lieutenant Joseph W. LeCour, the army officer who disappeared from Fort McPherson last week, had been seen in Atlanta by a sergeant on Whitehall street. The sergeant stated that LeCour when seen was intoxicated.

Colonel Butler B. Price, commandant at Fort McPherson, asked the police to find LeCour if possible and to arrest and hold him, as he was absent from the fort without leave.

LeCour disappeared about a week ago, leaving a sick wife. A letter was subsequently received from him inclosing his resignation. He stated that he had decided to resign because of financial trouble.

The police have kept a watch for LeCour, but so far have failed to find him

LACK OF RAIN IS GENERAL

Hot Weather Expected To Continue Throughout Today and Tomorrow.

The warm weather will continue today, varied slightly in scattered localities by showers. The maximum temperature registered at the weather bureau in Atlanta yesterday was 84 degrees, a slight fall from the two preceding days. Still it was uncomfortably hot during the middle of the day. There is nothing to indicate that there will be any decided change for several days yet.

At this time of the year, and all through the summer months, there is apt to arise a condition of stagnation in the weather, causing it to remain at or near the same temperature for many days at a time. Apparently it has reached such a stage now, and the forecaster has no means of knowing when relief will be experienced. Complaint of lack of rain is somewhat general over the state, and the partial showers that are in sight will not materially affect this condition.

PASSENGER SHIP SENT TO BOTTOM

British Steamer Huddersfield Goes Down in Collision.

Twenty of the Passengers Are Missing, but All the Crew Escaped. Huddersfield Was in Collision with the Steamer Uto.

Antwerp, May 27.—The British steamer Huddersfield, Captain Hammon, which sailed from this port yesterday for Grimsby, England, collided with the Norwegian steamer Uto. The Huddersfield is reported to have foundered. From fifteen to twenty of her passengers are said to have lost their lives. The crew were saved. The passengers were mostly seamen returning to England. It is believed they were crushed in the collision. The bows of the Uto were damaged.

London, May 27.—A telegram from Grimsby says Huddersfield carried twenty-nine emigrants and five other steerage passengers. Twenty of the emigrants are missing. The remainder were taken ashore in boats with the crew of the Huddersfield.

FRANK P. RICE MAY BE IN RACE

His Candidacy for Mayoralty in 1904 Is Prominently Suggested.

It is not unlikely that Hon. Frank P. Rice will be a candidate for mayor of Atlanta in 1904.

While the race is yet a long way off there has been some little talk of candidates, and a number of Mr. Rice's friends among the influential business men of the city are urging him to enter the race.

Mr. Rice, as is well known, is one of Atlanta's most progressive and conservative business men. He has been several times a member of the general council, both as councilman and alderman, and has held other important positions on city boards. He has long been identified with public affairs, and his services in this respect are familiar to the citizens of Atlanta.

Mr. Rice declines to say anything about the matter at the present time because the race is too far in the future.

Among others whose names have already been mentioned in this connection is Councilman James L. Key, friends of whom say, as announced in The Constitution, that he will probably be in the race.

Bags in walrus, grain, alligator, calfskin. All kinds of Bags in fact.

Perhaps you are going across the water; steamer trunks, that's the first thought—your big trunks will go below—only the little flat steamer trunk that slips out of the way can go in your stateroom.

Perhaps again you are that enviable person, a June bride, and perhaps you didn't know that you could come here to a "man's store" and find the biggest line of trunks for ladies in town. Trunks with trays for skirts galore and places for hats and all the rest of the things a bride wants to take along.

Prices from $3.50 to $50.00.

Ladies' Skirt Trunks, 40 and 42 inches.
Hat Boxes.

SOCIETY

Children at the Reception Given Yesterday to Mrs. Stonewall Jackson by the Julia Jackson Chapter of the Children of the Confederacy.

MISS LILLIE WHITE, the lovely young daughter of Mr. and Mrs. Edward White, was the hostess at an enjoyable reception yesterday, when, as president of the Julia Jackson chapter, Children of the Confederacy, she had as her guests Mrs. "Stonewall" Jackson and Miss Julia Jackson Christian, the daughter of Mr. W. E. Christian, of Atlanta, and granddaughter of the distinguished confederate hero.

The Children of the Confederacy of all ages and sizes assembled at half after 4 o'clock, and, received by Miss White and the officers of the chapter, were introduced to Mrs. Jackson and her lovely young granddaughter. There was a programme of music and recitations, and at its conclusion the young people gathered about Mrs. Jackson, who talked to them most impressively of the advantages of their organization and their responsibility in preserving the true history of the confederacy.

Mrs. Jackson looked unusually well and was becomingly attired in black, with a touch of white about the throat. Miss Christian wore a dainty frock of white silk, trimmed in medallions of lace, and a picture hat of white maline.

Miss White was charming in white chiffon with trimmings of lace and blue ribbon.

She was assisted in doing the honors of the occasion by her mother, and by Mrs Charles Rice, director of the Children of the Confederacy; Mrs. McDowell Wolff, Mrs. J. B. Campbell, Mrs. R. M. Rose, Mrs. Wiley, Mrs. Orme Campbell. Assisting in entertaining the guests were the officers of the chapter, Misses Clifford West, Runette Miller, Anita Stuart, Aileen Park, Laura Coles and Laura Wyatt.

Delicious refreshments were served during the afternoon and the occasion was

Daughters Entertain.

THE entertainment given by the committee of the Daughters of the Confederacy at the residence of Mrs. Steven M. Dean, chairman, yesterday afternoon was a delightful affair as well as profitable one, as the proceeds are for the Winnie Davis memorial fund. Mrs. Dean's pretty home on Linden avenue was bright with spring flowers, whose perfume was wafted through parlors and libraries, where the guests gathered at tete-a-tete tables for the popular game of flinch.

The first prize was awarded to Miss Helen Dooley, her sister, Miss Dooley, received the consolation. Delightful refreshments and ices were served at the close of the game, when a reception was held from 5 to 6 in honor of Mrs. Stonewall Jackson, who was accompanied by her granddaughter, Miss Christian, and her hostess, Mrs. Bulow Campbell. Mrs. Dean was assisted in receiving by the following committee from the Atlanta chapter of Daughters of the Confederacy: Mrs. E. L. Connelly, Mrs. Thomas Peters, Mrs. Charles E. Murphy, Mrs. Howard McCall, Miss Junia McKinley, Mrs. Margaret Dean Morris, Mrs. William Henry Yeandle, Mrs. Caverly, Miss Whelan, Mrs. Bun Wylie.

MRS. MARK BALDWIN LEWIS, OF LOS ANGELES, CAL., Who Is the Guest of Mrs. Evan P. Howell.

Piano Recital.

THE piano recital given Tuesday evening at the Woman's Club rooms by the advanced pupils of Mr. I. M. Mayer was a very interesting and successful one. Those taking part were the Misses Nell Steinheimer, Elma Warlick, Janie Lou McFarlin, Lollie Dugger and Mr. John G. Moore. Each participant performed in a very pleasing and artistic manner, showing careful and intelligent preparation.

The programme was happily selected, bringing out the individuality of each player.

Daughters of Cnnfederacy.

THE DAUGHTERS OF THE CONFEDERACY will hold an unusually interesting meeting this afternoon in compliment to Mrs. Stonewall Jackson. Among the participants on the musical programe is Miss Bessie Chandler, who has just returned from a year's study in New York.

Mrs. English's Tournament.

MRS. JAMES WARREN ENGLISH, JR., has issued invitations to a whist tournament to be given at the Piedmont Driving Club June 2, 3, 4 and 5 in compliment to the members of the club interested in whist. The games will begin at half after 4 o'clock. There will be two sections, one of individual players and one of open pairs. Prizes will be given those making the top scores each afternoon, and those qualifying to play in the finals will contest for a beautiful silver loving cup. The event of the tournament is being anticipated by the whist enthusiasts with great pleasure, and the club, during the afternoons of the coming season, will present an unusually brilliant scene.

Clark-Todd.

MR. AND MRS. WILLIAM F. CLARK have issued invitations to the marriage of their daughter, Lillian, to Mr. Peyton Henry Todd on the evening of June 11 at 5:30 o'clock at the First Baptist church.

The plans for the wedding are simple, but they will be unusually effective and pretty. The colors observed throughout the wedding details as far as possible will be white and green. The church whose frescoing is in green will be decorated with palms and white cut flowers in the chancel will make a cool, fresh contrast. The bridesmaids will wear white gowns of chiffon, their bouquets of white flowers tied with green ribbon, and the maid of honor will wear green crepe voile, her flowers white.

The attendants will be Miss Edmonia Clark, sister of the bride, maid of honor; Miss Ione Clark and Miss Nellie Forbes, bridesmaids; Dr. Roy Harris, best man; Messrs. Fred Paxon, John Allen, J. J. Goodrum, Jr., John M. Cooper, Dr. L. C. Fisher, Dr. William F. Owens, ushers. Dr. W. W. Landrum, assisted by Rev. C. P. Bridewell, will perform the ceremony.

College Girls Graduate.

COX COLLEGE commencement had its brilliant close in the annual con- [illegible] day night, when an audience that crowded the auditorium applauded the participants and their efforts.

A large number of Atlanta people went out to College Park for the occasion, the ride being a pleasant one on the street car line, and there were visitors from other Georgia cities and other states, because a large part of the south is represented among the two hundred students.

A notably beautiful group of young women, their music, which formed the evening's entertainment, was as interesting as themselves. Several delightful solo voices were heard, the choruses were excellently done, and the echestra showed itself a capable organization.

Rev. Dr. W. W. Landrum, D. D., in cap and gown, delivered the graduation address, which was a forceful and brilliant one, and afterwards he conferred upon the class their diplomas and degrees, which were gracefully accepted with an accompaniment of enthusiastic applause from the audience.

To Miss Chapman.

THE members of the Monopolist Club and the O. M. Club, of West End, will be delightfuly enetertained this morning by Miss Mary Adair Howell in compliment to Miss Lottie Chapman.

Miss Adair's home in West End will be prettily decorated for the occasion, which will be one of the most delightful of the many entertainments to be given in honor of Miss Chapman.

Informal Tea.

MRS. A. B. STEELE will entertain informally at tea Friday afternoon at half after 5 o'clock

About fifty guests will enjoy her graceful hospitality, and the occasion will be characteristic in pleasure of all gatherings in Miss Steele's home. The house will be artistically decorated in growing plants and flowers, and dainty refreshments will be served.

Hearty Party.

MISS DILLON AKERS will entertain at a pretty and enjoyable card party this afternoon in compliment to Miss Ethel Akers, whose marriage takes place on the 3d of June.

Hearts will be the game played and this idea will be carried out in the decorations and the luncheon served after the game.

The guests will include the attendants and a few intimate friends.

Donald Fraser School.

On Friday morning, May 29, at 10 o'clock, the closing exercises of the Donald Fraser High school for boys, occurs at Decatur, Ga., in the new DeKalb county court house. The following Atlanta boys take a part in the programme: Messrs. George Leake, Dozier Lowndes, Robert Carson, Edgar Carter and Robeson Carter. The public is invited to attend the exercises.

Young Woman Graduates.

The commencement exercises of the Prather Home school will take place at the Grand Thursday afternoon, May 28, at 4:30 p. m. Free tickets can be had at Lester's book store, American Baptist Publication Society. All flowers should be sent to the Grand by 4 o'clock.

The exercises will consist of three or four fine choruses, solos by Mrs. Yeates' leading vocal pupils, an aesthetic drill with orchestral accompaniment and an address to the class by the Rev. Richard Orme Flinn, of the North Avenue Presbyterian church.

The members of the class are Miss Susan Louise Cobb, Miss Edith Remington Tanner, Miss Susan May Sawtell, Miss Florence Nightingale Smith, Miss Juanita Stovall Tyler, Miss Margaret Ellison Barnes, Miss Georgia Lucia Watts, Miss Frances Louise Watts, Miss Celic Nimmo Hollis, Miss Adelaide Selma Allen.

Miss Almand Entertains.

Miss Arlene Almand entertained in honor of the Pi Alpha Phi fraternity Monday afternoon at her home, "Maple Heights." Flinch and dancing were enjoyed during the afternoon. Receiving with Miss Almand were Miss Ruth Barry, Miss Bessie Patrick and Miss Floy Almand. The members of the fraternity are Mr. Theo Atkinson, Mr. Harris Ferris, Mr. Warner Hill, Mr. Harris Atkinson, Mr. Will King, Mr. J. J. West, Mr. Ed Patty, Mr. Jerome Simmons, Mr. Walter Candler and Mr. Charles Mills.

Meetings.

The Woman's Alliance of the Unitarian church will meet this afternoon with Mrs. Wade Harding, No. 48 Park avenue, at 3:30 o'clock. Take East Fair street car.

THEATERS.

The Grand.

The members of the Joseph Kilgour Stock Company are just now preparing themselves for the presentation of "Captain Swift," a play in which the company is expected to make a decided hit. The first performance will be given at the Grand next Monday evening and by that time every one in the cast will be perfect in their lines. In many respects "Captain Swift" is one of the strongest plays on the market today and will be given a most complete production by the stock company.

"Hearts Aflame" attracted large audiences at the matinee yesterday and the evening performance last night. Every member of the company appeared to better advantage than they have since the piece was put on. As a result the play went with a snap and finish that was admirable. Applause of the heartiest sort greeted the company, all the members of which scored individual successes.

The Bijou.

There will be matinee and night performances of "The French Maid" at the Bijou today, and, by the way, this will be the last Thursday matinee of the season, for the popular play house will fold its shutters for the season Saturday night.

The attendance at the performances of the superb Giffen Musical Comedy Company has been exceptionally large all the week and the people who have attended have been made comfortable because of the fact that every known device to reduce temperature has been installed by direction of Manager Wells, who has devoted his time to the study of such situations, and though the theater is to be open but a few more days, he has caused electric fans to be placed at points in the playhouse for the comfort of his patrons.

The theater is absolutely cool and comfortable and the show is a rare treat at the price and there are but a few more chances to see it.

The Casino.

The sale of seats for the opening of the Casino at Ponce de Leon will commence at the Bijou box office tomorrow morning. The seating arrangement in the new house is as near perfect as advance skill can make it and the theatergoers will soon discover the fact that there is not a poor seat in the house. The seats are all improved summer theater opera chairs and the loges are comfortable summer theater private boxes. The balcony is fitted up with three rows of opera chairs and a number of rows of comfortable benches.

The Giffen Musical Comedy Company will open the new play house with "The Lady Slavy," a delightful musical comedy that has never been seen here before. It will allow all the favorites a good many more chances to entertain and win new honors than any other bill in the repertoire of the organization.

RELIEF COMMITTEES MEET

Organization To Effect Relief for Russian Jews Will Be Formed Tonight.

The various committees, detailed to the different phases of the work taken up by the central emigration committee, the Atlanta organization to affect relief for the Russian Jews, will meet at 8 o'clock tonight in the office of Bryan & Alexander.

Leon Eplan, chairman of the central committee, has called the meeting for the purpose of hearing reports so that the present status of the movement may be known.

Considerable interest is being manifested in the entertainment committee, which has in its charge the arrangements for the benefit to be given at the Bijou theater on the evening of June 4. This committee, of which Harry Alexander is chairman, will submit a report tonight.

Snap was not feeling happy when he met his friend, Snif, at the entrance to the ball park after the game yesterday, notwithstanding the fact that he had dodged the gatekeeper, and had seen the game from the inside, leaving his crack in the fence unguarded.

"Dog gone them galouches frum Little Rock. They're th' luckiest bunch of geezers w'at ever galooted eroun' th' bags on th' 'Tlanta baseball diamond. Now, terday, fer instance, w'en they did beat th' Crackers 7 to 4 it wus er whole lot er luck mixed in with th' strong hittin' of th' Travelers. It look't like every blame hit w'at them fellers got scored em one. Of course, I reckon one of these wise guys w'at rites erbout th' game in th' papers will say that it wus the bunchin' of th 'hits w'at won th' game, but it did look ter me like one er these durned streak er lucks.

"Them fellers' luck started off in th' very fust innin' w'en that guy, Delehanty, stabbed one er George Winters hot line drives with his right paw. It's no joke I'm er tellin' you, Snif, w'en I say he jumped 2 feet in th' air an' took in that ball with his finger nails. He really didn't intend ter ketch it, an' he wus er most surprised lookin' guy w'en it stuck in his fingers.

"It wus in th' next innin' though, that this same Del uncorked er double drive ter left an' scored er few minits later. After this secon' innin' these galouches frum Little Rock couldn't do much with Jack Ely till th' fifth. Then it wus that great big embalmed beef named Wright, w'at operates eroun' th' fust bag, made th' longest hit w'at wus ever seen in 'Tlanta.

Wright's Third Home Run.

"This chaw-bacon geezer is er hitter frum taw. He tuk th' fust one sent over th' plate by Jack Ely in the fifth and, kersmash, bim, biff, bang, she went er sailin' 7 feet over th' right field fence fer er home bagger. I've seen some long, hard hits on this here diamond, but that wus th' furtherest I've ever seen or w'at ever has been hit before. Er error an' ernother hit let in ernother run in this innin'. Four more runs wus scored on bases on balls an' three hits by th' Travelers.

"Th' Crackers wus not far behin' in th' hittin' business terday, but they just couldn't hit th 'guy, Guese, at th' right time. He did some crackajack slab work, le' me tell you. At the most criticalest times of th' game th' hits wus not forthcomin'. Fer instance, in th' secon' innin', after Big Ed Luzzon had slashed out er three-bagger up erginst th' left field fence, Cap'n Bob he up an' sawed out.

"Then, ergin', in th' ninth innin', with th' bases full, w'en er hit meant th' game, Matty, he fouled out. That ninth innin' wus er hair raisin' time fur th' 'Tlanta fans. After Winters had got a slashin' three-bagger, an' Luzzon had got to fust on er error of short, an' Winters had scored on Stafford's hit th' bases wus full. Matty come ter th' bat, an' I tell you, Snif, that wus a time w'en my h'art pined fur er three-bagger. Just think w'at it would er done to them guys. Matty would er scored on Dutchy's long drive w'at come er few minits later, an' th' score would er bin tied. We'd er beat 'em if that score had er bin tied.

Lynch Put Out of Game.

"But say, Snif, Foxy Grandpa Lynch made er monkey out er hisself. He got gay with Mr. Keefe in th' secon' innin' an' wanted him ter call er high ball er strike, an' just because Mr. Keefe did not ergree with 'im he got kinder hot in th' coller. Umpire Keefe didn't monkey with 'im long. He just put 'im out er th' game. Clark come in frum right, an 'did th' backstoppin' fur the Travelers, an' simply skinned Foxy Grandpa er block."

GUNFIRE PICKED TO WIN RICH BROOKLYN HANDICAP

New York, May 27.—Eighteen thoroughbreds are named to start in the Brooklyn handicap tomorrow. The giants of the American turf of last season are missing from the entries, but the best of those that have made this year remarkable already for great racing performances will start.

William C. Whitney's splendid filly Gunfire will undoubtedly be the favorite, with Oom Paul, Articulate, Yardarm, Blues and Heno nearest to her in odds. Jockey Burns' flagrant disregard of orders in the race yesterday, in which Injunction beat the Whitneys' Girdle, caused his suspension by his employer and little Fuller will probably have the mount on Gunfire. There have been no phenomenal trials for the event so far as the public has been informed.

PRES. KAVANAUGH IS IN ATLANTA

League President Is on Tour of Inspection.

President William M. Kavanaugh, of the Southern League of Baseball Clubs, is in the city, having come over from Montgomery last night.

President Kavanaugh is on a tour of inspection of the clubs and will visit all the towns in the southern circuit before he returns to his home in Little Rock.

While he is in the city President Kavanaugh will likely definitely settle the question of the last Sunday's game with New Orleans. He will discuss the matter with Manager Powell today.

He will remain in the city for several days and will go from here to New Orleans. He will attend the game this afternoon.

Little Rock, Ark., May 27.—President Kavanaugh, of the Southern League, today released Umpire Sandy McDermott and appointed in his place Robert A. Cox, of Rock Island. Cox has umpired in the Western League and will make his first appearance in the Southern League at Nashville today.

Independents 8, Piedmonts 4.

Encouraged by the rooting of their friends the Independents let the Piedmonts have it yesterday where the "diamond necklace sparkles."

With four runs in the first inning, three in the fourth and one in the fifth, they gained a lead which was never overcome. Donelly's star pitching and playing deserve great commendation.

SHREVEPORT PLAYS TODAY; LINE-UP OF BOTH TEAMS

The first game of the series with Shreveport will be played this afternoon. Manager Gilks and his bunch of Pirates from the swamps of the Mississippi came over from Montgomery last night, where they dropped two games to Manager Whistler's Black Sox.

The teams will line up in batting order as follows:

ATLANTA—	SHREVEPORT—
Crozier, lf.	Smith, ss.
Bennett, 3b.	Norcum, cf
Winters, rf.	Beck, 2b.
Lauzon, cf.	Weikart, 1b.
Stafford, 1b.	Gilks, lf.
Koehler, ss.	Hennessey, rf.
Kennedy, c.	Keenan, 3b.
Gruebner, 2b.	Graffius, c,
Weyhing, p.	White, p.

Fifth place again.

Three home runs for Mr. Wright.

Delehanty's one-handed catch scorching from the bat of Winters' was of the Diamond Dick variety.

Lauzon and Winters each took a triple and a double.

Luck played a prominent part in yesterday's game, and hits did not come when they were badly needed.

Wright's home run was the longest drive ever seen in Atlanta.

We like Umpire Keefe. We admire his way of DOING things, and saying nothing.

Foxy Grandpa Lynch made a monkey out of himself. Clark skinned him a block behind the bat, and besides took a triple, a single and scored a run. Lynch helped Finn to win the game by getting out of it.

Manager Mique sat on the bench yesterday, and as he predicted his Travelers won. He says they always win when he is with them on the bench during the game.

President Kavanaugh is in the city today. He is on a tour of inspection and will visit all the Southern League towns before returning to his home in Little Rock.

One of the prettiest and most important catches made yesterday was by Gilbert in center field when he took care of Gruebner's hard drive in the ninth. Though it was lacking in the spectacular, it prevented the scoring of two runs by the Crackers.

Delehanty played the star game for Little Rock yesterday. Besides making the most sensational catch of the game he uncorked a pair of doubles and a single.

Fred Ruehr has been laid up for repairs. He will take a month's vacation in Augusta, and then if he is in good trim at the end of that time will report back to Manager Powell for duty.

Just listen to what Newt Fisher has to say about the New Orleans-Atlanta Sunday game:

"I had naturally supposed that New Orleans and Atlanta had permission to play Sunday's game, but after reading President Kavanaugh's statement I want to say that I will enter a protest on account of New Orleans' failure to arrive here on time yesterday. Knowing that New Orleans is one of our strongest rivals this season, and the interest which local enthusiasts take in the series between the teams, the loss of today's game cost me several hundred dollars.

"But the 'money' part of the proposition cuts little figure with me. I am after winning games, and am especially anxious to win the pennant this year. I want to establish a world's record in this respect by taking the bunting three seasons in succession, and hope also to go beyond the precedent in case I can win this year, by giving my home city a four-times pennant winner. There are but two teams which I feel I will have to watch closely this season—Little Rock and Memphis. Charley Frank has gathered a great team for the Bluff City and I believe he will be hard to beat. Finn's men have been losing right along so far, but I am of the opinion that the team that beats them out will 'float the rag.' I hope and believe that we will be the team, but I am somewhat 'scared' of Memphis. Yet, I believe we will be on top when the season closes. I never have, since the new Southern League was organized, positively claimed the pennant and yet my boys have brought it home twice. I don't claim the 'rag' now, but I will say that I believe the team which beats Nashville out will 'fly the bunting' in the spring of 1904."

AFRICANDER WINS BELMONT STAKES

Winner Heavily Played, Price Being Forced Down to 3 to 5.

LEONIDAS TAKES ECLIPSE

Only Two Starters in the Race with the Winner Favorite Over Palm Bearer—Moorhen, at 6 to 1, the Only Long Shot to Win.

New York, May 27.—Africander, running in the colors of the Hampton stable won the Belmont stakes at Morris park today. He was heavily played, opening at even money and was steadily pounded down to 3 to 5. Whorler, from the Westbury stable, was second and also second choice in the betting. Red Knight, an added starter, finished third. The thirty-seventh running of the Belmont brought out the worst field of 3-year-olds that has ever faced the starter to battle for this historic event. Africander's time, 2:21 3-4, was very good, being within three-quarters of a second of the record by Commando in 1901. Africander galloped home an easy winner by two lengths.

The Eclipse stakes for 2-year-olds at 5 and a half furlongs of the Eclipse course was won easily by W. C. Whitney's Leonidas. There were only two starters for this race, with Leonidas favorite over Palm Bearer.

Tomorrow the racing begins at Gravesend with the Brooklyn handicap as the feature.

AT LATONIA

ONLY TWO FIRST CHOICES UNDER WIRE IN FRONT

Cincinnati, May 27.—The racing at Latonia today was not of the exciting order as all the winners won in easy fashion.

Only two favorites succeeded in getting past the post first. Jockey Bonner rode three winners. The track was fast, but just after the horses finished in the last race a terrific storm came up.

FIRST RACE—Seven furlongs: Murmur, 90 (S. Bonner), 12 to 1, won; Blackmore, 101 (Scully), 9 to 2, second; Baron Knight, 96 (C. Kelly), 12 to 1, third. Time, 1:29. Onanetta, Daisy Hawthorne, Rococo, Easter Boy, John Drake, Honeybrook, Gold Victory, Class Leader ran.

RATTEREE CUT BY BROTHERTON

His Victim Is at Hospital Very Dangerously Wounded.

R. L. Brotherton, better known as "Hun," is in trouble again and this time he used a knife on Will Ratteree. His victim is at the hospital dangerously wounded with a stab through the lung.

After the fight, which occurred on Peters street yesterday morning, Brotherton was arrested and locked up at the police barracks on a city charge of "disorderly conduct." Dr. Amos Fox, chairman of the police board, of which Captain W. H. Brotherton, father of the prisoner, is a member, signed a bond of $100 and Brotherton was released.

Ratteree was taken to the Grady hospital where his wounds were dressed. He insisted upon being allowed to go to his home and the physicians let him go.

Last night about 8 o'clock the hospital was telephoned that Ratteree was much worse and he would have to be taken to the hospital again. The ambulance went after him. The physicians upon a second examination ascertained that the knife stab in the breast has penetrated the lung and there were evidences of internal hemorrhage.

Brotherton Is Rearrested.

When the police were notified that Ratteree was worse an order was issued for the rearrest of Brotherton. He was found on Peters street, not far from the scene of the fight, and was arrested and taken to the police barracks. At the barracks he became indignant at his arrest and told the turnkey he would make him lose his job.

"I have given bond," he said, "and you have no right to lock me up. I'll see that you lose your job for this."

Turnkey Bostwick replied that he had no fear of losing his job, and even if he did he would do his duty.

Brotherton has been in trouble of a similar kind and has shot and cut three or four other men.

He claims that the reason he cut Ratteree was because the latter assaulted him with rocks. This Ratteree denies.

Ratteree may die from his wound and Brotherton will now be held until the outcome of Ratteree's injury can be ascertained by the hospital physicians.

When Dr. Fox signed Brotherton's bond for $100, Brotherton promised him to go straight home, but instead of doing so he went back on Peters street. He was drinking when rearrested.

TOM MILLIKIN GIVES UP

Wanted To Accommodate the Police and They Accommodated Him.

"Here I am, gentlemen," exclaimed a young man as he entered the police barracks last night about 8 o'clock, "and if I am wanted, lock me up. I see by the local papers that I am supposed to be wanted in Chattanooga for forgery and a diamond robbery."

The visitor at the barracks was Tom Millikin, a young man, who is quite handsome and who is something of a dead game sport. He has a record in police circles of recent date, having been locked up two weeks ago on the charge of giving a worthless check.

When Millikin was arrested two weeks ago he claimed to be the son of Mr. Millikin who owns a large part of the town of Jesup, Ga. He had drawn the worthless check on a bank at Baxley, this state, where his brother in law is cashier. He was released on bond, and after his release a citizen of Baxley wrote a letter to the local papers, stating that Tom Millikin was not a son of the Millikin of Jesup. Last night Millikin admitted that he had made a false statement, and said Millikin of Jesup was his uncle.

The prisoner denied that he had committed any crime in Chattanooga, and stated that a woman had manufactured the story on him. He will be held until the authorities in Chattanooga can be communicated with.

COTTON ON SPOT WAS VERY FIRM

Demand Was Quite Good, But the Offerings Were Light.

PRICES A FRACTION HIGHER

Options Fluctuated Within Wide Range, Closing in New Orleans 4 to 7 Points Higher and in New York 2 Points Lower to 10 Up.

New Orleans, May 27.—Spot cotton was very firm today. There was quite a good demand, but the offerings are light; the sales made, it was said, were most at a shade above board figures. Sales 3,050 bales, including 500 to arrive. The cotton exchange committee revised quotations, marking middling uplands 1-8c and the higher grades 3-16c above yesterday's prices.

The future market was steady. July opened 6 points lower, August 4 up and the winter months 1 to 2 points higher. Prices fluctuated within comparatively narrow limits, being first above and then below the closing of yesterday. During the day July fluctuated from 12.35 to 12.44; August from 11.86 to 11.98; September from 10.29 to 10.40; October from 9.40 to 9.48, and December from 9.28 to 9.35. The market during the last two hours of the session was very firm, showing net gains on the day of 7 points on August and 4 to 7 on the winter months.

The leading futures ranged as follows:

Review of the New Orleans Market.

New York, May 27.—The cotton market opened steady at an advance of 2 points to a decline of 5 points on the near months, while the late months were unchanged to 4 points higher. The irregularity was largely due to the showing made by the Liverpool cables, which, at the time of the local opening were about as expected on the near months, while the new crop was higher than was considered due on the local closing of yesterday. Other influences were more or less conflicting. The port receipts of the day were estimated to show heavily as compared with last year; but, on the other hand, estimates for the week into sight showed a decreasing tendency and the weather was not entirely satisfactory in some sections, though favorable in others. Trading was much less active after the call, and after the first demands for the new crop had been filled the market turned easier, declining to a level net 2@20 points lower. At this time July sold at 11.12, August at 10.68, September 9.96 and December at 9.46. At this level there was considerable covering, notwithstanding the still further losses at Liverpool and the market was slowly rallied. All through the session May was comparatively neglected, and the course of that option led to the opinion, more or less generally expressed on the floor, that the speculative short interest in that option had pretty thoroughly covered and that further sensational developments in that connection were therefore unlikely. Still, in the afternoon that month sold up from 11.03 to 11.43 under light covering. This advance was afterwards partially lost, however, and that month closed at 11.25. The New England clique leader reiterated his intention of leaving for Europe on the 3d, but during the afternoon large buying orders for the late positions were credited to this interest, and New Orleans also sent buying orders. On the evidence of this support room shorts turned for cover and the market became more active, touching a new high level for the day just before the close, which was steady at within 2 or 3 points of the best, or net 2 points lower to 10 points higher. Total sales futures were estimated at 250,000 bales.

Cothran & Co.'s Cotton Letter.

New York, May 27.—The more we see of this market the stronger becomes our opinion that it is not one in which to buy cotton. The stock market is not in good shape, there seems to be a bearish business reaction going on in the country and banks are not inclined to accept 11c cotton as collateral. The cotton outlook with July at 11c a pound and new crop at 9 1-2c a pound is not such as would induce conservative traders to invest his money on the long side. We would wait for the break. News today was generally of the same tone as that heretofore this week, though Liverpool showed less aggressive strength, and the prospects of rains in various sections of the cotton belt helped the crop materially. October ruled very steady. The short interest has been pretty well eliminated, and any attempt to take profits in this kind of a market will bring about a quick break.

Bruce, Jones & Co.'s Cotton Letter.

New York, May 27.—The changes in the Liverpool market this morning were generally in line with expectations, though considerable firmness was exhibited by the new crop options. Locally first prices were 2 points lower for the old crop and unchanged to 4 points higher on the new crop positions. These figures were slightly improved upon during the first hour, but there was only a moderate volume of business transacted, and as the demand slacked off prices gave way to liquidation in the May and July options. The new crop months were relatively stronger than the old, but declined moderately in sympathy. There was some talk of a private settlement between the contending factions, but this rumor could not be verified. Port receipts were estimated at 7,000, against 2,981 last year. The semi-weekly figures were not favorable to a higher range of prices, and the crop advices from the belt were generally of a favorable character. In the late trading there was a better demand, and prices sought a higher level. The distant positions were especially strong, but the entire list closed steady with prices at or near the best of the day.

Baxter & Co.'s Cotton Letter.

New York, May 27.—The near months were 2 to 4 points lower when the cotton market opened today, and the new crop months moved up to 2 to 4 points. There was little doing, generally speaking. There was no rain of consequence in the entire cotton belt. Cables were satisfactory. The general feeling was bullish, especially so for the new crop months, it being taken for granted that the lateness of the crop cannot be recovered to the extent necessary to make a crop equal to the world's requirements. In other words, a crop of no less than 11,500,000 bales is necessary, and under best crop conditions from now on it is doubtful whether such a crop can be raised, the belief being that the contemplated increased acreage has not been carried out. At any rate, should the bureau figures next week prove very bearish, it is not probable that the market will suffer any setback except for the moment. Meanwhile there is a general disposition to support the new crop months. Prices weakened in all directions right after the opening, and there was an absence of support of the old crop months, which were pretty freely sold at one time, while the new crop was being picked up by shorts here and in the south. On the whole the market had a tired look. No attention is being paid to the movement. Cables showed 4 points loss for the old crop and unchanged to 2 points higher for the new.

Atlanta Brokerage Co.'s Cotton Letter

New York, May 27.—There was only a moderate volume of business in the cotton pit today, moderate by comparison with other days of late. The matters of influence were rather conflicting and for this reason operators were rather cautious about taking a definite stand in one direction or the other. The Liverpool market changes were generally in line with expectations, though some firmness was shown in the new crop months. First, prices locally were 2 points lower for the near months and unchanged to 4 points higher for the distant options. As the day wore on the market became quiet with the price level, as a whole, under that of last night. The August delivery showed the effect of liquidation. There was some talk that a private settlement had been made with an interest which had been short of over 20,000 bales of May, but there was little positive information in this connection. The port receipts continued to run full, being figured at 6,000 bales for the day as compared with less than 3,000 same day last year. The market finally settled down to the dullest period in many days, and late in the session rallied to the highest prices of the day, closing at about its best.

Hubbard Bros. & Co.'s Cotton Letter.

New York, May 27.—A market of sudden changes due to the weakness in Liverpool and the practical closing of the May deal. A sudden recovery from a sharp break in this delivery was caused by a rumor that a strike amongst the freight handlers of the transportation company would prevent the delivery of a limited quantity of cotton. Trading was upon a much smaller scale with the local trade looking for a rally in Liverpool tomorrow. Our stock will increase during this week, after which slow decrease may be expected, some cotton going to New Orleans and some to Europe, selected lots in both instances. Crop conditions are rather more favorable today. Arbitratage buying here of October and December was the feature of the morning. Belated short covering in May and buying from New Orleans gave tone to the market, after the bulls had again bought heavily in December. Liverpool is expected to react sharply tomorrow. The spot market was quiet and unchanged.

The Dry Goods Market.

New York, March 27.—Further advances in dry goods have occurred and agents are in constant receipt of instructions to use the utmost conservatism about selling ahead, as it is evident a large number of manufacturers are not in a position to negotiate future business, their supply of cotton being unusually restricted for this time of the year. Jobbers report indifferent store trade.

Southern Exchange Cotton Letter.

New York, May 27.—The cables at the opening unveiled a lively market at Liverpool with prices fractionally higher. Later advices were barely up to the opening prices and the close was 2 to 4 points below yesterday's closing, while the late crop months were fairly steady at 1 point higher. Locally the market was dull. Near months opened off 2 to 4 points, rose 5 to 8 points above the opening and the market then looked sick, trading being confined to scattering purchases. The fall months were more active and gave both sides an interesting morning matinee, then fell into the rut of sluggishness which predominated just before and after noon. Receipts are showing some improvements, and the weather continues favorable for planting.

LITTLE CHANGE IN WHEAT VALUES

Opened Strong on Good General Demand and Light Offerings.

OUTSIDE MARKET HIGHER

Close Was Steady 1-4 to 3-8c Higher—Corn and Oats Were Unchanged at Close—Provisions 2 1-2c Lower to 2 1-2c Higher.

Chicago, May 27.—Wheat opened strong and ruled fairly firm throughout the session, the close showing a gain of 1-4@3-8c for July. Corn was firm and the close was unchanged. July oats closed unchanged. Provisions showed a better tone after an easy opening at 2 1-2 lower to 2 1-2c higher.

There was little change in wheat values. A good general demand and light offerings gave a strong tone at the opening, and July was up a shade to 1-8c at 73 5-8@73 3-4c and soon advanced to 73 7-8@74c. Selling by pit traders at the advance brought about an easier feeling and the advance was lost. Armour's brokers came to the rescue, however, and July reacted to the high point of the day—74 1-8c. The close was steady at a gain of 1-4@3-8c for July at 73 7-8c. Bad crop news continues to come in and outside markets were higher. Primary receipts were 254,024 bushels, against 231,901 a year ago. Minneapolis and Duluth reported receipts of 108 cars, which, with local receipts of 28 cars, two contract, made total receipts for the three points of 136 cars, against 122 a week ago and 126 last year.

Shorts bought corn freely at the opening on bullish crop advices and firm cables and were forced to bid the market up. Selling on the bulge by longs caused a reaction, but offerings were freely taken by local traders and commissino houses, and the feeling remained firm, the close showing July unchanged at 45 1-4@45 3-8c. Receipts 274 cars, 19 contract.

The firmness in oats was due largely to the crop situation in the east. Trading was light and featureless with commission houses the best buyers. The strength in other grains helped this market, and the close was steady and unchanged at 34 3-8c for July after ranging from 34 to 34 3-8c.

Packers were thought to be on the buying side in provisions, and pit traders, following this lead, caused some firmness after an easy opening on the hog situation. At the close prices were a little better, July pork and lard showing a gain of 2 1-2 at $16.77 1-2, and $8.82 1-2, while ribs were off 2 1-2 at $9.20.

Estimated receipts for tomorrow: Wheat 30 cars; corn 220 cars; oats 90 cars; hogs 28,000 head.

Baxter & Co.'s Grain Letter.

Chicago, May 27.—It was a small market in grain this morning without showing important changes in wheat. The market gained a little in the early dealings with light offerings, some covering and reports regarding excessive rains in some parts of the west, while cables were steady and in a few cases slightly higher. The weather was good on the other side. The weather conditions at the west showed heavy rains over a great portion of the winter wheat sections and east to Buffalo. There were some complaints from the southwest, but the volume of interest awakened by this news was not important. The trade was moderately active and prices advanced 1-4@1-2c in the early dealings, owing to reports of excessive rains in the western sections. There was some buying on talk of a railroad strike.

In hog products the market was quiet, prices moving rather narrowly during the morning, showing an absence of speculative interest. Live hogs were quiet.

Cothran & Co.'s Grain Letter.

Chicago, May 27.—Wheat: Export bids in Duluth are not anywhere near a working basis. We have not heard of any port business today. Winter wheat dull with all grades slow sale; spring firmly held here. There was a strong higher opening with May in demand, while St. Louis bought July and September on reports of too much rain. Rosseau sold July. The market was dull.

Corn—Country acceptances were small and this started a sharp buying movement in May with shorts covering freely, the advance, however, meeting with free realizing from the provisions crowd and commission business. The west bought on heavy rains.

Oats were strong, but the range was narrow, and there was some selling in a realizing way due to rains east. Sentiment continues bullish, but we think it well to take profits on hard spots.

Provisions—Hogs were in good supply and lower, which started selling of product, but the Cudahys bought pork and ribs, and there was buying of lard for packers.

The Liverpool Grain Market.

Liverpool, May 27.—Wheat, spot No. 2 red western winter firm at 6s 4 1-2d; No. 1 northern spring dull at 6s 7d; No. 1 California quiet at 6s 8d; futures steady; July 6s 3 3-8d; September 6s 1 5-8d.

Corn, spot American mixed new firm at 4s 8d; do. old quiet at 5s 1d; futures steady; June 4s 7d; July 4s 5 3-4d; September 43s 5 3-8d.

Available Supply Changes.

New York, May 27.—Special cable and telegraphic communications received by Bradstreet's show the following changes in available supplies as compared with last account:

Wheat—United States and Canada, east of the Rockies, decreased 4,734,000 bushels; afloat for and in Europe increase 900,000. Total supply decrease 3,834,000 bushels.

Corn—United States and Canada, east of the Rockies, decrease 874,000 bushels.

Oats—United States and Canada, east of the Rockies, decrease 363,000 bushels.

Flour, Grain and Meal.

Atlanta, May 27.—Flour: Diamond patent, $5; second patent, $4.30; straight, $3.80; extra fancy, $3.60; fancy, $3.30. First patent spring wheat, $4.75. Hudnut's grits, $1.60.

New York, May 27.—Flour dull but firmly held. Wheat, spot irregular; No. 2 red 84 1-2. On reports of too much rain in the southwest wheat had an early advance. Later it was more active and firm on big clearances; closed 1-4c net higher; May 84 1-2; July 79 1-8; September 76; December 76 3-4. Corn, spot quiet; No. 2 57. Starting out firm and higher corn held strong all day, closing 1-4c net higher except May, which was 1c net lower; May 56 1-2, July 52 13-16; September 51 1-4; December 49 1-2. Oats, spot dull; No. 2 39 1-4; options stronger on rains west.

St. Louis, May 27.—Flour quiet. Wheat higher; No. 2 red cash and elevator nominal; track 76 1-2; July 71 5-8; September 69 1-8@69 1-4; No. 2 hard 73@76. AUGUSTA WANTS SOME OF TROOPS

Governor Terrell Gave a Hearing to Large Delegation Yesterday.

Governor Terrell gave a hearing yesterday to a delegation of prominent Augusta citizens who came to Atlanta to urge that as large a portion of the state troops as possible be sent to Augusta for encampment.

Senator Rice Smith, Mayor Phinizy and a number of other well-known citizens of August were in the delegation. The arguments in favor of their city were ably and forcefully presented. The splendid indorsements given the camp grounds on the sand hills by General Young and the other officers who had commands there during the Spanish war were presented. The governor was assured that the camp grounds would be well watered and well lighted, that if there were not sufficient tents the deficit would be supplied, and that everything possible would be done to make the camp grounds pleasant and attractive.

The governor's visitors argued that Augusta should be given at least two regiments. Governor Terrell has not yet reached a formal decision about the matter of encampment. He is somewhat handicapped by the apparent insufficiency of the fund at his disposal. It is expected that formal orders regarding the encampment will be issued in the very near future, however.

IN THE COURTS.

The trial of the case of the Potts-Thompson Liquor Company against Henry Potts and Mrs. Minnie B. Alexander was concluded yesterday afternoon before Judge H. M. Reid, in the first division of the city court, and the case given to the jury. At a late hour, however, the jurors were still deliberating on the issue and had formed no verdict.

The suit is on a note for about $2,000, given to the Potts-Thompson Liquor Company, it is claimed, by John Humphrey and Henry Potts. It is contended that Humphrey and Potts were partners in a saloon, but this is denied by Potts. The note was signed by Mrs. Alexander as security. Humphrey was formerly a defendant in the suit, but it was shown that he had gone into bankruptcy, which relieved him of liability on the note. The trial was begun last Thursday.

Petitions for Charter.

Three petitions for charters have been filed in the office of Clerk Arnold Broyles, of the superior court.

The Tallulah River Lumber Company is one of the concerns and it is capitalized at $125,000, with the privilege to increase this to not more than $500,000. The incorporators are W. A. Love and W. C. Shafer, of Fulton county; Moses H. Cone, Caesar Cone, Julius Cone, J. Elwood Cox, Ernest Snow, R. F. Dalton, R. N. Page, Henry A. Page, J. R. Page and W. W. Mills, of North Carolina. Attorneys Ellis, Wimbish & Ellis filed the application.

The Empire Land Company, capitalized at $100,000, also seeks incorporation. The privilege is asked to increase the capital stock to an amount not exceeding $500,000. The incorporators are J. C. Fain, W. T. Perkerson, Eugene M. Ottley and Harry L. English. The petition was filed by Attorneys King, Spalding & Little.

An application was filed asking for a renewal of the charter of the Governor's Horse Guard. The petition states that the present charter was granted July 2, 1883, and that it will expire on July 1, next. Attorneys Smith & Wright filed the petition.

Mrs. Mattie E. McCoy was yesterday granted a total divorce before Judge J. H. Lumpkin, in the superior court, from her husband, George W. McCoy. Cruel treatment was the ground on which the suit was based. The disabilities of the plaintiff were removed, by which she is permitted to again marry, and her maiden name, Mattie E. Hunter, was restored. The disabilities of the husband were not removed. Attorney Lowry Arnold represented Mrs. McCoy.

J. A. Smith, 16 years of age, by his next friend, J. T. Brown, yesterday brought suit against the Georgia Railway and Electric Company for $1,000 damages. The plaintiff claims that on last Thursday a conductor on the East Point car line refused to accept a transfer from him and focibly ejected him from the car. Attorneys McElreath & McElreath filed the suit.

Transfers of Property.

The following transfers of property were filed yesterday with Deputy Clerk Walton Clark, of the superior court:

FIFTH REGIMENT AS THE GUESTS

Meikleheimer's Company To Celebrate Fourth in Great Style.

Rome, Ga., May 27.—(Special.)—The entire Fifth regiment Georgia troops, 600 strong, will be the guests of company E, at Lindale, on the 4th of July, where a monster Fourth of July celebration will be held.

Captain H. P. Meikleheimer, who, besides being the agent of the big Massachusetts mills, commands company E, has the details of the big celebration in hand and he will eclipse all celebrations of the past.

A big parade and sham battle, some athletic contests, several speeches by prominent Georgians and a monster fireworks display will be part of the programme being now arranged.

The entire town will be in gay attire for the soldiers and Independence day will be celebrated as never before.

The soldiers will come, every one of them, as the guests of company E and every item of expense, including railroad fare and other incidentals, will be borne by that splendid and plucky company.

Captain Meikleheimer received an official acceptance of his company invitation this afternoon.

THEY DO NOT WANT NEW LEASE

Clarke & Co. Find Employment of Convicts Unprofitable.

Montgomery, Ala., May 27.—(Special.)—Clarke & Co., lessees of the state's cotton factory, at Speighners, have notified the convict bureau that they would decline to renew their lease, which expires July 1. It is doubtful if it will be leased this year, as all its lessees have found it unprofitable.

BURGEN CHOSEN AS ORDERLY

Atlanta Man To Be Mounted with General Chaffee at Detroit Reunion.

John M. Burgen, a well-known letter carrier, who served in the Cuban campaign in the Spanish-American war, has received notice of his appointment as mounted orderly to Major General A. R. Chaffee at the reunion of the Society of the Army of Santiago de Cuba and the Fifth army corps, to be held in Detroit July 16 and 17. Mr. Burgen has sent notification of his acceptance of the appointment.

General Chaffee is grand marshal of the big parade of veterans of the Cuban campaign, which is to be one of the chief features of the reunion, and the selection of Mr. Burgen as mounted orderly is considered an honor.

The latter fought under General Chaffee in Cuba.

The Atlantan is taking an active interest in the reunion, which is the first ever held by the Society of the Army of Santiago and the Fifth army corps. He has found about twenty-five members of the Sixteenth infantry at Fort McPherson eligible for membership in the society, and it is expected that most of these will join before the reunion. It is expected that several thousand people will be in Detroit on the occasion of the reunion. A reduced railroad rate of one fare for the round trip has been granted from Atlanta, good to August 20.

A Sure Thing.
It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Shepherdtown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cure me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by all Druggists. Trial bottles free. Reg. size 50c, $1.00.

Postal To Go to Waycross.

Waycross, Ga., May 27.—(Special.)—Representatives of the Postal Telegraph Company were in Waycross today and completed arrangements for the lines of that company to be run into Waycross. The Postal has contracted with the Atlantic and Birmingham railroad to handle its business, and the wires now used by the railroad are to be purchased by the telegraph company. Within ten days the necessary connections will be made and the Postal will be in Waycross.

Dallas Public Schools.

Dallas, Ga., May 27.—(Special.)—The commencement exercises of Dallas public schools opened last night at 8 o'clock with an exhibition by the pupils of Miss Daggett's department. The children many of them mere infants, acquitted themselves nicely. Tonight Mrs. Nalley's elocution class entertained the audience. Tomorrow morning Dr. Alonzo Monk, of Atlanta, will arrive and deliver the literary address. We are looking forward to the address with pleasure.

Tomorrow night Professor Monk's department will close the exercises with an instructive exhibition. The people of our town and surrounding country are attending in great numbers.

Death of Mormon Elder.

Waycross, Ga., May 27.—(Special.)—F. C. Andrews, a Mormon elder, died here today after a month's illness of typhoid fever. Andrews declined medical attention at all times during his illness. His body was shipped tonight to Salt Lake City, Utah.

Rocoe Murrow Pardoned.

Raleigh, N. C., May 27.—(Special.)—Governor Aycock ends a very sensational case by pardoning Roscoe Murrow, who, in Guilford county at the February term, 1902, was convicted of seduction and sentenced to seven years on the county roads.

Rifles To Give a Picnic.

Waycross, Ga., May 27.—(Special.)—The Waycross Rifles today completed arrangements with the Atlantic and Birmingham railway to run their big excursion picnic to the Dooly picnic grounds, near Vienna, on June 5.

WHERE DO WE COME IN?
DOES this question occur to you when we claim to do the "Best" printing, and do it cheaply? Well, it's a pertinent one. But, gentle reader, the answer is dead easy. We come in just where our patron does. The advertisement that helps his business brings us other customers who want the same kind of work and enables us to buy largely, get liberal discounts, and so, by the use of up-to-date labor-saving machinery and the employment of specialists in each department, reduce the cost of production to a minimum, and that's where we come in.

THE DAY IN WALL STREET.

New York, May 27.—The only significance in today's market movements centered in a handful of stocks, and in these prices moved countrywise with the result that speculative sentiment was wholly confused and almost paralyzed. The whole market was inert to the degree of lethargy, and in very few cases was there a movement exceeding a small fraction. Some comfort was secured from the evidence of support in St. Paul, Pennsylvania, United States Steel preferred, and for a short time after the opening in a few other prominent speculative stocks. But on the other hand, there was obvious continuation of liquidation in Rock Island and the Pacific and coalers were generally inclined to heaviness. The brief upward movement in Reading seemed to have no other purpose than to correct this impression as to the coalers, and it was quickly abandoned. The occasional rallies in the market, which were invariably led by St. Paul, were made in the intervals between the execution of selling orders, and were not pursued with any aggressiveness. The appearance of the market suggested that those who had constituted themselves its protectors were satisfied to acquiesce in a downward movement of prices while the selling pressure lasted, but sought to improve the price level by bidding up when no serious obstacle was encountered. There was very little news of importance bearing on values, and little attention was paid to what there was. The rise of a point in United States Steel preferred was attributed to reports of the purchase of 100,000 tons or upward of pig iron by the corporation for delivery during the late summer months. The gain was lost before the close. St. Paul got as much as 1 3-8 over last night and was near the high level several times during the day, but it closed a shade under last night. The weakness of Rock Island was unexplained beyond the general argument that the sum of the market prices of the securities exchanged for old Rock Island stock made a valuation for that stock considerably above that prevailing for other similarly situated stocks. Southern Pacific, Union Pacific and Baltimore and Ohio lost nearly a point.

Bonds were irregular. Total sales, par value, $2,205,000.

United States bonds were all unchanged on the last call.

Money on call easy at 2@2 1-4 per cent, closing offered at 2; time money steady; 60 and 90 days 3 1-2@4 per cent; 6 months 4 1-4@4 1-2; prime mercantile paper 4 1-4@5 per cent.

Sterling exchange strong at $4.88.15 for demand and at $4.85.10 for 60 days; posted rates $4.85 1-2@4.86 and $4.88 1-2@4.89; commercial bills $4.84 3-4.

Bar silver 53 1-2c.

Mexican dollars 42 1-2c.

Government bonds steady.

Railroad bonds irregular.

The Treasury Statement.

Washington, May 27.—Today's treasury balances, exclusive of the gold reserve, show: Available cash balances $223,600,654; gold $105,953,859.

Cothran & Co.'s Stock Letter.

New York, May 27.—Profit taking occurred around the high recovery prices in the stock market today and there was a general disposition to look for a moderate reaction. Good buying appeared in some departments and good selling in one or two others. The banks lost heavily on account of gold exports. We believe the next slump will bring out all the liquidation to come and recommend the purchase of good stocks on all recessions. The close was fairly strong.

Baxter & Co.'s Stock Letter.

New York, May 27.—There was a further shrinkage in activity in the stock market today. The cessation of the recent liquidation encouraged further buying, which resulted in establishing general gains with an improvement of over a point in St. Paul and in some specialties and usually in the active stocks. Pennsylvania received good support, and this, together with the advance in St. Paul exerted a favorable influence upon sentiment. London continued a moderate buyer. Favorable crop reports, good earnings and continued money ease were the only news influences for the day. The weakness of Rock Island was somewhat deterrent to the growth of bullish sentiment. Belated liquidation carried it off 1 1-8 per cent. Some pressure appeared in Union Pacific and Southern Pacific. Profit taking and renewed sales by the bears based upon the smallness of the early rally brought about general reactions in the last hour. An unavertible influence was exerted by a break in United States Leathers, commonly credited to the prospect of a large issue of bonds by the company to supply it with working capital and pay off part of the accumulated dividend. The closing was irregular and unsettled.

Naval Stores.

Savannah, May 27.—Turpentine firm at 49; receipts 1,501; sales 264; exports 125. Rosin firm; receipts 2,578; sales 902; exports 919. Quote: A B C $1.70; D $1.75; E $1.75; F $1.80; G $1.85; H $2.40; I $3.05; K $3.10; M $3.20; N $3.25; windowglass $3.35; waterwhite $3.65.

Charleston, May 27.—Turpentine steady at 50 1-2; sales none. Rosin steady; A B C $1.60; D $1.65; E $1.65; F $1.70; G $1.75; H $2.35; I $3.00; K $3.00; M $3.10; N $3.15; windowglass $3.25; waterwhite $3.55.

Wilmington, May 27.—Spirits turpentine, nothing doing; receipts 59 casks. Rosin firm at $1.75; receipts 233. Crude turpentine quiet at $2@3.25 and $3.50; receipts 176. Tar firm at $1.65; receipts 217.

Coffee and Sugar.

New York, May 27.—The coffee futures opened steady and ruled more than ordinarily active under liquidation, chiefly of June, this being the first notice day for that option. Foreign markets showed little change aside from the late French decline, but receipts were large; closed quiet and unchanged to 5 points lower; sales 19,750 bags; May 3.70; June 3.70@3.75; July 3.85; September 4.05@4.10; December 4.55; January 4.65; March 4.70. Coffee, spot Rio quiet; mild steady.

Sugar, raw quiet; fair refining 3 1-8; centrifugal 96-test 3 5-16; molasses sugar 2 15-16. Refined unsettled.

New Orleans, May 27.—Sugar dull; open kettle 2 5-8@3 7-16; open kettle centrifugal 3 1-8@3 5-8; centrifugal whites 4 1-4; yellows 3 5-8@4; seconds 2 1-8@3½. Molasses, open kettle nominal at 13@26; centrifugal 6@18. Sirup nominal at 19@24. Coffee, Rio ordinary to fair 5 7-8@7 1-8. Rice, screenings 2 3-4@3½; head 4 5-8@5; fancy head 5½@6.

Cotton Seed Oil and Meal.

New York, May 27.—Cotton seed oil was fairly active and easier. Prime crude, f.o.b. mills, 34@35 1-2c; prime summer yellow 30 1-2@31 1-2c; off summer yellow 37@38c; prime white 46@47c; prime winter yellow 46@47c. Prime meal $27@27.50, nominal.

Memphis, May 27.—Cotton seed oil: Carload lots per gallon, prime crude nominal; off crude 25@34c; off summer yellow nominal; choice cooking summer yellow, less than carload lots, nominal. Meal—Prime $19.50@20. Cake—Prime $20.

New Orleans, May 27.—Cotton seed oil: Prime refined in barrels 42 1-2c; off refined in barrels 37c; prime crude loose, 36c.

The Metal Market.

New York, May 27.—A sharp break in London tin prices yesterday was followed by an almost equally sharp reaction today, an advance of 1 pound 10s being reported, with spot closing at 129 pounds 15s and futures at 127 pounds 15s. Locally tin also ruled firmer and advanced to 28.45@28.65.

Copper also regained part of its recent losses in the English market, closing 1 pound higher at 61 pounds 7s 6d for spot and 12s 6d higher at 60 pounds 2s 3d for futures. Locally the market remainder dull and more or less nominal at 14.75 for lake, electrolytic and casting.

Lead was unchanged in London at 11 pounds 12s 6d and at 4.37 1-2 in the local market.

Spelter declined 2s 6d in London, closing at 20 pounds 12s 6d, but remained quiet and unchanged here at 5.75.

Iron closed at 52s 6d in Glasgow and at 45s 9d in Middlesboro. Locally iron was quiet and unchanged. No. 1 foundry, northern, $20.50@21.00; No. 2 foundry, northern, at $19.50@20.25; No. 1 foundry, southern soft, at $20.25@20.75. Warrants are nominal.

St. Louis, May 27.—Lead dull at $4.15. Spelter steady at $5.50.
